

## Fall '09 Registration Changes for Chemistry Labs

### **COMMON LECTURE for CHE LABS**

The Chemistry Dept has added a common lecture for several CHE labs (see below).

**When registering for any of these labs, you will need to register for the Common Lecture concurrently.**

The total number of hours has not increased since the Chemistry Dept has reduced the lab by 1 hour to allow for this additional 1 hour Common Lecture.

**The Common Lecture is required for the lab regardless of whether you have already taken the lecture (e.g. CHE 1103).**

These are the labs with common lecture:

CHE 1122 Gen Chem I Lab

**CHE 1120 Gen Chem I Common Lab Lecture**

CHE 1132 Gen Chem II Lab

**CHE 1130 Gen Chem II Common Lab Lecture**

CHE 2612 Organic I Lab

**CHE 2610 Org Chem I Common Lab Lecture**

CHE 2632 Organic II Lab

**CHE 2630 Organic II Common Lab Lecture**
