**Pathways Internship Program**
The Pathways Internship is similar to a co-op opportunity, where current students are provided with paid work experiences and dynamic development opportunities for multiple semesters. Pathways offers the chance to jump-start a NASA career, as it presents a path to NASA employment after program completion. Pathways internships are available on [usajobs.gov](http://usajobs.gov).

**STEM Engagement Internships Program**
STEM Engagement Internships provide students with hands-on, project-based experiences, both stipend-paid and volunteer, that directly relate to students’ academic majors. Interns work on mentor-directed tasks designed to advance projects to the next level. Internship opportunities are available for:
- High School Students
- Undergraduate Students
- Graduate Students
- Educators

Visit [intern.nasa.gov](http://intern.nasa.gov) for more information on STEM Engagement Internships.

*These internships are not listed on USAJOBS.*

---

**WHAT ARE NASA INTERNSHIPS?**
NASA internships provide unique NASA-related experiences for high school, undergraduate, graduate students, and educators. They engage students with real-world experiences while contributing to the operation of a NASA facility and the advancement of NASA’s missions. Some internships pay students a weekly stipend and some a salary, but it varies depending on the center, funding organization and internship program.

**WHY APPLY FOR AN INTERNSHIP AT NASA?**
As a NASA intern, you’ll join a community of diverse professionals who are united by a common purpose: to pioneer the future in space exploration, scientific discovery and aeronautics research. Regardless of your career goals, a NASA internship will give you the kind of rewarding experience that makes a brilliant start for career advancement.

NASA leads the world in space exploration and NASA internships are an important part of our commitment to ensuring that the next generation will be ready for the challenges ahead. And while we’re known for our achievements in science and engineering, we’re just as proud of our achievements in the workplace. NASA is consistently named the “Best Place to Work in the Federal Government” by the Partnership for Public Service.
