

University-Level Core Curriculum Proposals

<u>Course</u>	<u>Foundational Component Area</u>	<u>Recommendations and Comments</u>
HIS 1043 United States History: Pre-Columbus to the Civil War Era	American History	<p>The University Curriculum Committee (UCC) recommends that this course be approved as a component choice for the American History Core Curriculum component.</p> <p>Concerns or suggestions: Main concern is that the proposal is unclear as to how objectives will be met and assessments made (especially communication skills).</p>
HIS 1053 United States History: Civil War Era to the Present	American History	<p>The University Curriculum Committee (UCC) recommends that this course be approved as a component choice for the American History Core Curriculum component.</p> <p>Concerns or suggestions: Main concern is that the proposal is unclear as to how objectives will be met and assessments made (especially communication skills).</p>
HIS 2053 Texas History	American History	<p>The University Curriculum Committee (UCC) recommends that this course be approved as a component choice for the American History Core Curriculum component.</p> <p>Concerns or suggestions: Main concern is that the proposal is unclear as to how objectives will be met and assessments made (especially communication skills).</p> <p>All three courses have similar syllabi with respect to assignments/requirements. Thus, all have the same comments and suggestions. More details would be helpful.</p>
COM 2113 Public Speaking	Communication	<p>The University Curriculum Committee (UCC) recommends that this course be approved as an option within the Communication Core Curriculum component.</p> <p>The UCC concurs with CCC that COM 2113 not be used to satisfy the Communication core curriculum requirement.</p> <p>Other suggestions: Main concern is the writing component. It addresses the intent of oral and visual literacy skills, but the written skills need to be explicitly described.</p>

EGR 1403 Technical Communication	Communication	<p>The University Curriculum Committee (UCC) recommends that this course be approved as an option within the Communication Core Curriculum component.</p> <p>The UCC concurs with CCC that EGR 1403 not be used to satisfy the Communication core curriculum requirement.</p> <p>Suggestions: Main concern is the limited amount of emphasis on oral communications. Course is somewhat specialized and may not meet a broad population of students.</p>
ENG 2413 Technical Writing	Communication	<p>The University Curriculum Committee (UCC) recommends that this course be approved as an option within the Communication Core Curriculum component.</p> <p>The UCC concurs with CCC that ENG 2413 not be used to satisfy the Communication core curriculum requirement.</p> <p>Suggestions: Main concern lack of clarity about content. A great deal of focus on resumes, memoranda, etc. Where is the emphasis on report writing?</p>
WRC 1013 Freshman Composition I	Communication	<p>The University Curriculum Committee (UCC) recommends that this course (WRC 1013) be approved as a required course for the Communication Curriculum component.</p>
WRC 1023 Freshman Composition II	Communication	<p>The University Curriculum Committee (UCC) recommends that this course (WRC 1023) be approved as a required course for the Communication Curriculum component.</p>
AHC 1113 Survey of Art and Architecture from Prehistory to 1350	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (AHC 1113) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: More details needed on communication skills as well as clarification on social responsibility objectives.</p>
AHC 1123 Survey of Art and Architecture from 1350 to 1750	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (AHC 1123) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: More details needed on communication skills as well as clarification on social responsibility objectives.</p>

AHC 1133 Survey of Art and Architecture from 1750 to present	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (AHC 1133) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: More details needed on communication skills as well as clarification on social responsibility objectives.</p> <p>The three AHC courses are very similar in format and assignments, but they cover different time periods.</p>
ARC 1513 Great Buildings and Cities of the World	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (ARC 1513) be approved as a component choice for the Creative Arts Core Curriculum component.</p>
ART 1103 Introduction to visual Arts	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (ART 1103) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: Information provides indicates that “detailed implementation of the course and assessment plan will be undertaken.” Assessment of oral communication needs to be expanded.</p>
ART 1143 Art for Non-Art Majors	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (AHC 1143) be approved as a component choice for the Creative Arts Core Curriculum component.</p>
CLA 2033 Introduction to Classical Literature	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (CLA 2033) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: More details or outline of course content rather than list of books.</p>
COA 1213 Design 1	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (COA 1213) be approved as a component choice for the Creative Arts Core Curriculum component.</p>
ENG 1113 Introduction to Creative Literary Arts	Creative Arts	<p>The University Curriculum Committee (UCC) recommends that this course (ENG 1113) be approved as a component choice for the Creative Arts Core Curriculum component.</p> <p>Suggestions: More details needed on how course meets intent (ii) for interpretation of works of art.</p>

HUM 2013 Introduction to Humanities I	Creative Arts	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
HUM 2023 Introduction to Humanities II	Creative Arts	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
HUM 2053 History of Film	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (HUM 2053) be approved as a component choice for the Creative Arts Core Curriculum component. Suggestions: More details about oral presentations.
MAS 2023 Latina/o Cultural Expressions	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MAS 2023) be approved as a component choice for the Creative Arts Core Curriculum component.
MUS 2243 World Music in Society	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2243) be approved as a component choice for the Creative Arts Core Curriculum component. Suggestions: More details needed on oral communication skills.
MUS 2623 Fundamentals of Music for the Non-Music Major	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2623) be approved as a component choice for the Creative Arts Core Curriculum component. Suggestions: More details needed on engaging students in social responsibility.
MUS 2633 American Roots Music	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2633) be approved as a component choice for the Creative Arts Core Curriculum component.
MUS 2663 History and Styles of Jazz	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2663) be approved as a component choice for the Creative Arts Core Curriculum component.
MUS 2673 History and Styles of Rock	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2673) be approved as a component choice for the Creative Arts Core Curriculum component. Suggestions: Explanation and assessment of oral communication could be expanded.

MUS 2683 Masterpieces of Music	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2683) be approved as a component choice for the Creative Arts Core Curriculum component.
MUS 2693 Music of Latin America and the Caribbean	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2693) be approved as a component choice for the Creative Arts Core Curriculum component.
MUS 2743 Music and Film	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (MUS 2743) be approved as a component choice for the Creative Arts Core Curriculum component. Suggestions: More details needed on communication skills as well as clarification on social responsibility objectives.
PHI 2053 Philosophy of Art	Creative Arts	The University Curriculum Committee (UCC) recommends that this course (PHI 2053) be approved as a component choice for the Creative Arts Core Curriculum component.
PAD 1113 Public Administration in American Society	Government/Political Science	The University Curriculum Committee (UCC) recommends that this course (PAD 1113) be approved as a component choice for the Government/Political Science Core Curriculum component. Suggestions: More details needed on communication skills, especially visual and oral assessment.
POL 1013 Introduction to American Politics	Government/Political Science	The University Curriculum Committee (UCC) recommends that this course (POL 1013) be approved as a component choice for the Government/Political Science Core Curriculum component. Suggestions: Syllabus does not match well with the learning outcomes. Communication objective is weak; too dependent on class discussion.
POL 1133 Texas Politics and Society	Government/Political Science	The University Curriculum Committee (UCC) recommends that this course (POL 1133) be approved as a component choice for the Government/Political Science Core Curriculum component. Suggestions: Syllabus indicates exams and quizzes; no indication of how communication objective will be adequately addressed. Too dependent on class discussion.

POL 1213 Texas & American Government in Comparative Perspective	Government/Political Science	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
POL 1213 States, Communities, and Public Policy	Government/Political Science	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
POL 1213 Politics and the American Economy	Government/Political Science	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
POL 1213 Ethics in America	Government/Political Science	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
POL 1213 Civil Rights	Government/Political Science	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
AAS 2013 Introduction to African American Studies	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (AAS 2013) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Proposal only indirectly refers to component requirements. Neither syllabus learning outcomes nor objectives explicitly mention component requirements. Neither syllabus learning outcomes nor objectives explicitly mention component objectives</p>
AAS 3013 African American Culture, Leadership, & Social Issues	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (AAS 3013) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Tie course description to component requirements. On syllabus establish connection to second component requirement. The UCC understands that the course will be changed to a 2000 level and the statement “May be repeated for credit,” will be removed.</p>
ANT 2063 Language, Thought, and Culture	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (ANT 2063) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.
ARA 1014 Elementary Arabic I	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (ARA 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. .

ARC 1413 Architecture and Culture	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (ARC 1413) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: In the proposal, Personal and social responsibility apply only to architects. Component requirements are not made explicit in the syllabus; Syllabus states that this course matches the objectives, but does nothing to explain why</p>
CHN 1014 Elementary Chinese I	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CHN 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>
CLA 2013 Introduction to Ancient Greece	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CLA 2013) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Syllabus does not explicitly align with component requirements; there is no explanation in the syllabus of the component objectives</p>
CLA 2023 Introduction to Ancient Rome	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CLA 2023) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Syllabus does not explicitly align with component requirements.</p>
CLA 2323 Introduction to Classical Mythology	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CLA 2323) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>
COA 1113 Introduction to the Built Environment	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (COA2063) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: No explicit mention of component requirements in proposal; some evidence of (i) but none for (ii). Personal responsibility component objective applies only to architecture students, not generally for all core students. Syllabus is not explicitly aligned with component requirements.</p>

CS 1023 Cultural Implications of the Information Society	Language, Philosophy, and Culture	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by the UCC.
CSH 1103 Literary Masterpieces of Western Culture I	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CSH 1103) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Online proposal form aligned with component objectives: Critical thinking only weakly connected to definition. Syllabus aligned with component requirements: Not explicit.</p>
CSH 1113 Literary Masterpieces of Western Culture II	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CSH 1113) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Online proposal form aligned with component objectives: Critical thinking only weakly connected to definition. Syllabus aligned with component requirements: Not explicit</p>
CSH 1213 Topics in World Cultures	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CSH 1213) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Critical thinking only weakly connected to definition.</p>
CSH 2113 The Foreign Film	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (CSH 2113) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>
ENG 2013 Introduction to Literature	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (ENG 2013) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements: (ii) not addressed in stated ‘conceptual framework’.</p>

ENG 2213 Literary Criticism and Analysis	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (ENG 2213) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements: (ii) not addressed in stated ‘conceptual framework’</p>
ENG 2383 Multiethnic Literatures of the U.S.	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (ENG 2383) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements: (ii) not addressed in stated ‘conceptual framework’</p>
ENG 2423 Literature of Texas and the Southwest	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (ENG 2423) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements: (ii) not addressed in stated ‘conceptual framework’</p>
FRN 1014 Elementary French I	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (FRN 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>
FRN 2333 French Literature in English Translation	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (FRN 2333) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements – not explicit</p>
GER 1014 Elementary German I	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (GER 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>

GER 2333 German Literature in English Translation	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (GER 2333) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicit. Syllabus aligned with component requirements – not explicit</p>
GRG 1023 World Regional Geography	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (GRG 1023) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Only course description given, which does not explicitly address either component requirement.</p>
GRK 1114 Introductory Classical Greek 1	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (GRK 1114) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Syllabus aligned with component requirements: syllabus states that course meets quoted requirements but does not demonstrate this.</p>
HIS 2123 Introduction to World Civilization to the Fifteenth Century	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2123) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed, but course description does a better job than proposal justification!</p>
HIS 2133 Introduction to World Civilization since the Fifteenth Century	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2133) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed, but course description does a better job than proposal justification.</p>

HIS 2533 Introduction to Latin American Civilization	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2533) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.</p>
HIS 2543 Introduction to Islamic Civilization	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2543) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.</p>
HIS 2553 Introduction to East Asian Civilization	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2553) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.</p>
HIS 2573 Introduction to African Civilization	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2573) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.</p>
HIS 2583 Introduction to South Asian Civilization	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (HIS 2583) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.</p>

HUM 2093 World Religions	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (HUM 2093) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. Suggestions: Syllabus aligned with component requirements. Not explicitly addressed.
IDS 2303 World Literature I: Through the Sixteenth Century	Language, Philosophy, and Culture	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
IDS 2313 World Literature II: Since the Sixteenth Century	Language, Philosophy, and Culture	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
ITL 1014 Elementary Italian I	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (ITL1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.
ITL 2333 Italian Literature in English Translation	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (ITL 2333) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. Suggestions: Online proposal form aligned with component requirements: Not explicitly addressed. Syllabus aligned with component requirements – not explicitly addressed.
JPN 1014 Elementary Japanese I	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (JPN 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.
LAT 1114 Introductory Latin 1	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (LAT 1114) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. Suggestions: Online proposal form aligned with component requirement (ii) is not addressed explicitly.
MAS 2013 Introduction to Chicana/o Studies	Language, Philosophy, and Culture	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
PHI 1043 Critical Thinking	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (PHI 1043) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. Suggestions: Syllabus aligned with component requirements; not explicit.

PHI 2023 INTRODUCTION TO ANCIENT PHILOSOPHY	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (PHI 2023) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: not explicit. Syllabus aligned with component requirements: not explicit. Syllabus addresses required component objectives: not explicit</p>
PHI 2033 INTRODUCTION TO MODERN PHILOSOPHY	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (PHI 2033) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements: not explicit. Syllabus aligned with component requirements: not explicit. Syllabus addresses required component objectives: not explicit.</p>
PHI 2123 Contemporary Moral Issues	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (PHI 2123) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Syllabus aligned with component requirements: not explicit.</p>
POL 1xx3 The United States in the Global Arena	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (POL 1XX3) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p> <p>Suggestions: Online proposal form aligned with component requirements but (i) is not mentioned explicitly. Syllabus aligned with component requirements: Not explicitly and little information is given in the syllabus (one short paragraph). Syllabus addresses required component objectives: Stated course objectives do not match objectives in the proposal. Considerable work needed on course syllabus, etc.</p>
RUS 1014 Elementary Russian I	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (RUS 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>
RUS 2333 Russian Literature in English Translation	Language, Philosophy, and Culture	<p>The University Curriculum Committee (UCC) recommends that this course (RUS 2333) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.</p>

SPN 1014 Elementary Spanish I	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (SPN 1014) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component.
SPN 2333 Hispanic Literature in English Translation	Language, Philosophy, and Culture	The University Curriculum Committee (UCC) recommends that this course (SPN 2333) be approved as a component choice for the Language, Philosophy and Culture Core Curriculum component. Suggestions: Syllabus aligned with component requirements; not explicitly addressed. Online proposal form aligned with component requirements. Not explicitly addressed.
WS 2013 Introduction to Women's Studies	Language, Philosophy, and Culture	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
ANT 2033 Introduction to Biological Anthropology	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (ANT 2033) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
AST 1013 Introduction to Astronomy	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (AST 1013) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
AST 1033 Exploration of the Solar System	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (AST 1033) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
BIO 1233 Contemporary Biology I	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (BIO 1233) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
BIO 1243 Contemporary Biology II	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (BIO 1243) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
BIO 1404 Biosciences 1	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (BIO 1404) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.

BIO 1413 Biosciences II	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (BIO 1413) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
CHE 1033 Chemistry in our daily lives: a pathway to scientific literacy	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (CHE 1033) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
CHE 1073 Basic Chemistry	Life and Physical Sciences	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
CHE 1104 General Chemistry I	Life and Physical Sciences	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
ES 2013 Introduction to Environmental Systems I	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (ES 2013) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
ES 2023 Introduction to Environmental Systems II	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (ES 2023) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
GEO 1013 The Third Planet	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (GEO 1013) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
GEO 1123 Life Through Time	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (GEO 1123) be approved as a component choice for the Life and Physical Sciences Core Curriculum component. Suggestions: . Looks fine but refers to “History of Life on Earth” instead of “Life Through Time, in the section describing critical thinking.
GRG 2613 Physical Geography	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (GRG 2613) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
PHY 1013 Universes	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (PHY 1013) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.

PHY 1943 Physics for Scientists I	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (PHY 1943) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
PHY 1963 Physics for Scientists II	Life and Physical Sciences	The University Curriculum Committee (UCC) recommends that this course (PHY 1963) be approved as a component choice for the Life and Physical Sciences Core Curriculum component.
CS 1173 Data Analysis and Visualization using MATLAB	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (CS 1173) be approved as an option within the Mathematics Core Curriculum component. This course should not be used to satisfy the Mathematics core curriculum requirement.</p> <p>Suggestions: Communication objective is weak. Syllabus contains learning objectives from the old core. A major concern is that a large component of the course involves producing code to do the calculations and writing code to produce graphs.</p>
MAT 1023 College Algebra with Applications	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (MAT 1023) be approved as a component choice for the Mathematics Core Curriculum component.</p> <p>Suggestions: Course would benefit from increasing the oral component. Core curriculum objective “communications skills” requires clarification: “problems solutions” –written work? Emphasize students’ need to communicate their thinking clearly in on-going oral interactions (in different classroom contexts). Additional work needed on syllabus and assessment plan.</p>
MAT 1033 Algebra with Calculus for Business	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (MAT 1033) be approved as a component choice for the Mathematics Core Curriculum component.</p> <p>Suggestions: Course would benefit from increasing the oral component. Core curriculum objective “communications skills” requires clarification: “problems solutions” –written work? Emphasize students’ need to communicate their thinking clearly in on-going oral interactions (in different classroom contexts). Additional work needed on syllabus and assessment plan.</p>
MAT 1043 Introduction to Mathematics	Mathematics	The University Curriculum Committee (UCC) recommends that this course (MAT 1043) be approved as a component choice for the Mathematics Core Curriculum component.

		<p>Suggestions: Course would benefit from increasing the oral component. Core curriculum objective “communications skills” requires clarification: “problems solutions” –written work? Emphasize students’ need to communicate their thinking clearly in on-going oral interactions (in different classroom contexts). Additional work needed on syllabus and assessment plan.</p>
MAT 1073 Algebra for Scientists and Engineers	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (MAT 1073) be approved as a component choice for the Mathematics Core Curriculum component.</p> <p>Suggestions: Course would benefit from increasing the oral component. Core curriculum objective “communications skills” requires clarification: “problems solutions” –written work? Emphasize students’ need to communicate their thinking clearly in on-going oral interactions (in different classroom contexts). Additional work needed on syllabus and assessment plan.</p>
PHI 2043 Introductory Logic	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (PHI 2043) be approved as an option within the Mathematics Core Curriculum component. The UCC concurs that this course should not be used to satisfy the Mathematics core curriculum requirement.</p> <p>Suggestions: Could be stronger on empirical analysis.</p>
STA 1043 Introduction to Quantitative Reasoning	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (STA 1043) be approved as a component choice for the Mathematics Core Curriculum component.</p> <p>Suggestions: Empirical skills objective could mention that students will draw informed conclusions.</p>
STA 1053 Basic Statistics	Mathematics	<p>The University Curriculum Committee (UCC) recommends that this course (STA 1053) be approved as a component choice for the Mathematics Core Curriculum component. Suggestions: Syllabus needs to explain in which activities empirical works occurs. Clarify how course matches intent.</p>
AMS 2043 Approaches to American Culture	Social and Behavioral Sciences	<p>The University Curriculum Committee (UCC) recommends that this course (AMS 2043) be approved as a component choice for the Social and Behavioral Sciences Core Curriculum component.</p>
ANT 1013 Introduction to Anthropology	Social and Behavioral Sciences	<p>Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.</p>
ANT 2043 Introduction to Archaeology	Social and Behavioral Sciences	<p>The University Curriculum Committee (UCC) recommends that this course (ANT 2043) be approved as a component choice for the Social and Behavioral Sciences Core Curriculum component.</p>

ANT 2053 Introduction to Cultural Anthropology	Social and Behavioral Sciences	The University Curriculum Committee (UCC) recommends that this course (ANT 2053) be approved as a component choice for the Social and Behavioral Sciences Core Curriculum component.
BBL 2003 Language, Culture, and Society	Social and Behavioral Sciences	Course rejected by Core Curriculum Committee – might be resubmitted – but not under consideration at this time by UCC.
BBL 2033 Cultures of the Southwest	Social and Behavioral Sciences	The University Curriculum Committee (UCC) recommends that this course (BBL 2033) be approved as a component choice for the Social and Behavioral Sciences Core Curriculum component.
BBL 2243 Globalizing the Local: Bilingual Families, Communities, and Schools	Social and Behavioral Sciences	The University Curriculum Committee (UCC) recommends that this course (BBL 2243) be approved as a component choice for the Social and Behavioral Sciences Core Curriculum component.
