

MEMORANDUM

September 9, 2021

To: Dr. Kimberly Espy, Provost and Vice President for Academic Affairs; Dr. Taylor Eighmy, President

From: Faculty Senate

Subject: Covid-19 Planning

The Faculty Senate thanks the administration for its leadership during the COVID pandemic. While the move to on-line for the first three weeks of the current semester is inconvenient and challenging in a number of ways, the Faculty Senate realizes this policy is for the greater good during the current severe outbreak in San Antonio, and the Faculty Senate appreciates the actions you have taken. Moving online saved lives and helped to preserve the health of UTSA's faculty, students, and staff.
