“Working with pre-service teachers here at UTSA and preparing them to be tomorrow’s leaders is a joy. There is no greater reward then helping them to realize their own potential and watch them make meaningful contributions to their communities. Being a teacher is more than doing a job; it’s an opportunity to educate and learn from others.”

Christopher Rivera, Ph.D.
Assistant Professor, Department of Interdisciplinary Learning and Teaching
I believe student teaching is the most challenging but most rewarding part of the teaching program. It is where theory meets practice. After this semester, I can proudly say that I am ready to become a teacher.
