Special Department Admission Requirements.

All transfer students who have completed Architecture, Interior Design, or Design courses are required to submit a bound portfolio (maximum size 8.5 inches by 11 inches) to the College of Architecture as soon as admittance to the University is approved. Portfolios must be received at the College of Architecture prior to the second week in March for Fall Semester admissions, and prior to the second week in August for Spring Semester admissions. The portfolio must clearly demonstrate creative and communicative skills in written and graphic form. A complete transcript of all professional courses accompanied by the catalog descriptions from the originating institutions must be included. Do not send slides or original work. A postage-paid, self-addressed return envelope must be included for return of the work to the candidate. The portfolio will be reviewed by a faculty committee to determine the student's placement within the curricular sequence.

Laptop Initiative: The Laptop Initiative program requires that students entering the second year of design studio sequence (Design III) have their own laptop computers and required software. Digital technology will be integrated into the studio work and will be necessary in order to fulfill project requirements. Specification for hardware and software bundles are available at the College of Architecture Web site (<http://www.utsa.edu/architecture/>) and the Department Architecture Office.
