Notes

At Coastal Bend College

- ☞ Read the Coastal Bend College catalog course descriptions for prerequisites.
- ☞ Visit with a Coastal Bend College counselor for help with course sequencing.
- ☞ Only 66 transferable semester credit hours from a community college can be applied to a bachelor's degree at UTSA.
- ☞ Some students may need to take College Algebra or Precalculus before taking Calculus I. If so, the additional math course will be used to satisfy the 3 hours of Free Electives.
- ☞ Free Electives – some community college hours may satisfy this requirement. Check with Science advisor upon transferring to UTSA.

At UTSA

- ☞ Be sure to visit the College of Sciences Undergraduate Advising Center, Room SB 2.01.08; Phone (210) 458-4045 for assistance with course sequencing.
- ☞ Please note that developmental education, orientation, life experience, high school level, mathematics below the College Algebra level, or vocational-technical courses are not acceptable for transfer credit at UTSA.
- ☞ The MATH and PHYS courses listed in this plan are acceptable for transfer with minimum grades of "D."

☞ ***It is very important that students pay close attention to course prerequisite sequencing and availability at both the community college and at UTSA as it will affect the time it takes to complete entire degree program.***
