Courses listed with a +sign are Chart II-Institutionally designated. If the ENTIRE core curriculum is not completed at the community college before transferring, these +sign courses will transfer as electives, and students may be required to take other courses at UTSA to satisfy like components.

*Note: In order to progress in the major at UTSA, the student is advised not to complete community college Core courses where indicated. This will allow the student to complete math and science courses needed to progress in the major once he/she transfers to UTSA.

St. Philip's College, contd.

Notes

At St. Philip's College

- ☞ Read the St. Philip's College catalog course descriptions for prerequisites.
- ☞ Visit with a St. Philip's College counselor for help with course sequencing.
- ☞ Only 66 transferable semester credit hours from a community college can be applied to a bachelor's degree at UTSA.
- ☞ Although BIOL 1408 is a 4-hour course at St. Philip's, due to the 66-hour community college limit, only 3 hours will be used for the degree. Therefore, Biology I laboratory will need to be taken at UTSA.

At UTSA

- ☞ Be sure to visit the College of Sciences Undergraduate Advising Center, Room SB 2.01.08; Phone (210) 458-4045 for assistance with course sequencing.
- ☞ Please note that developmental education, orientation, life experience, high school level, mathematics below the College Algebra level, or vocational-technical courses are not acceptable for transfer credit at UTSA.

☞ ***It is very important that students pay close attention to course prerequisite sequencing and availability at both the community college and at UTSA as it will affect the time it takes to complete entire degree program.***

Transfer Plan for the Bachelor of Science in Multidisciplinary Science (with certification)

2002–2004

We are pleased that you are considering the Transfer Program between your college and The University of Texas at San Antonio. Please remember that the Transfer Plan brochure does not take the place of The University of Texas at San Antonio 2002–2004 Undergraduate Catalog and UTSA Information bulletin. You should also consult the community college bulletin for other requirements and regulations that cannot be listed in this brochure.
