

# College of Architecture/UTSA Tenure Track Positions

The College of Architecture at the University of Texas at San Antonio invites qualified individuals to apply for full-time, nine-month, tenure-track positions at the rank of Assistant Professor, beginning in August 2010, pending budget approval. The College of Architecture offers fully accredited degrees in Architecture (M.Arch) and Interior Design (BSIntDes), with developing programs in Construction Science and Management (BSCSM) and Urban and Regional Planning (MSURP). With about 1,000 undergraduates and 85 graduate students, the College has 21 full-time faculty as well as many adjunct faculty drawn from the local design and construction community. It is located in downtown San Antonio, one of America's oldest and most vibrant urban environments where design, construction and research find unique topics of inquiry. The College's faculty is committed to education, and to building an institution that fosters intellectual excellence and collegiality.

## **Construction Science and Management: Assistant Professor**

Responsibilities include developing and teaching a range of required courses at the undergraduate and graduate levels. In addition, candidates ought to be able to develop opportunities for students to gain experience (competition teams, internship programs, etc.), have a clear research agenda, and be able to participate in the further development of the CSM program. Candidates must possess either a Masters degree in Construction related disciplines with at least 3 years of construction management experience, or a Ph.D. in Construction or a related discipline. Preferred qualifications include experience and research in construction estimating/planning/scheduling, project delivery systems, integrated project management and computer/technology applications in construction management.

## **Interior Design: Assistant Professor**

Responsibilities include teaching core courses and all studios in the interiors sequence, in addition to other courses related to the needs of the curriculum. Candidates should have a specific area of expertise (with preference for digital fabrication, materials or commercial design), and demonstrate the ability to provide leadership in the further development of the interiors program. Candidates must possess a Masters degree in an appropriate field (with at least one degree in Interior Design). Preferred qualifications include NCIDQ certification, LEED certification, EDAC certification and/or professional registration (or the ability to obtain those qualifications within one year of the date of hire).

## **Architectural Technology/Building Systems Integration: Assistant Professor**

Responsibilities include teaching design studios and lecture/seminar courses in architectural technology (with preference for materials or environmental building systems), at both the graduate and undergraduate levels. Candidates should have the knowledge and ability to address the integration of technology in design, and provide leadership in the further development of our building technology curriculum. Candidates must possess a Masters degree in Architecture and professional registration, or a Ph.D. in an appropriate field. Preferred qualifications include experience with building systems, sustainable design, building performance, LEED certification, and/or new materials.

**General Requirements / Preferences:** All positions are open at the rank of Assistant Professor. Salary will be commensurate with qualifications. Candidates must have completed all requirements for the Master's Degree by the date of hire or -- if ABD -- complete their PhD within one year of the date of hire. Responsibilities for all positions include: 1) teaching seminars, lecture classes and/or studios in the position applied for, 2) conducting scholarly research and/or design-practice at a level that promises future recognition, and 3) making service contributions to the educational institution. Courses offered either at the UTSA Downtown Campus or the Main Campus and occasionally at night.

### **Required Application Materials**

Applicants must submit the following in both hard copy and electronically (MS Word or PDF format) to the addresses listed below:

- 1) letter of interest:** clearly identify the desired position.
- 2) narrative statement:** describe in 1 to 2 pages the qualifications for the position, areas of expertise, plans for future research/creative practice, and pedagogical approach
- 3) curriculum vita:** if currently working towards a terminal degree, please give evidence of graduate hours completed
- 4) list of three references:** include all contact information
- 5) sample publications or a 15- to 20-page non-returnable portfolio:** provide work that is representative of research/creative practice, teaching ability, and some student work.

For priority consideration, candidates should send all application materials prior to **Friday, 20 November 2009**, to:

Chair, Faculty Search Committee  
College of Architecture  
University of Texas at San Antonio  
501 W. Durango Blvd.  
San Antonio, TX 78207  
tel: (210) 458-3010  
fax: (210) 458-3016                      e-mail (for submissions and inquiries): [arcsearch@utsa.edu](mailto:arcsearch@utsa.edu)

The review of application material will begin immediately and will continue until the position is filled or until 30 April 2010.

The selection process will be conducted in accordance with the provisions of faculty recruitment procedures of the University of Texas at San Antonio, which is an Affirmative Action/Equal Opportunity Employer. We encourage applications from women, minorities, veterans, and persons with disabilities. Applicants who are selected for interviews must be able to show proof that they will be eligible and qualified to work in the United States by time of hire.
