Open Pop-ups in new window

• Tools >> Internet Options >> Privacy >> General >> Tabs (settings)
General Browser Settings

Javascript enabled

- Tools >> Internet Options >> Security >> Custom Level
General Browser Settings

Enable prompting for file downloads

• Tools >> Internet Options >> Security >> Custom Level
General Browser Settings IE 11

Tools >> Internet Options >> Security
Tools >> Internet Options >> Privacy >> Sites
On occasion clear the local data. This helps PeopleSoft always bring up the most current data.
Thank you!
