Starting March 5, security gates will control access to the service drive in the core part of UTSA’s Main Campus. Most deliveries will continue to be made to UTSA’s Central Warehouse when instructed. Delivery drivers who need to access buildings adjacent to the service drive must press the call button and secure permission from the police dispatcher, who will ask a few questions. Contractors should unload tools and materials and park their vehicles in Employee B or Student parking spots. Please visit http://bit.ly/UTSAgates, call 210-458-6855 or email Security.Services@utsa.edu for more information.
UTSA Service Drive to be Restricted to Essential Vehicles Only, Beginning March 5

30-Minute Parking for Most Deliveries Will Be Enforced
