

# STEM Survey Accessibility Research Study

You are eligible to participate if you:

- Are 18 or older
- Have a physical disability
- Have been or are currently enrolled in a technical school or college
- Have been or are currently enrolled in a Science, Technology, Engineering or Math (STEM) related program

The goal of this research is to gather information on the participation experiences of students with disabilities in science or engineering laboratories. Specifically we are interested in any challenges to participation that were encountered and any ways that were used to overcome these challenges.

This survey takes about 20 minutes to complete

Participants will be asked about their experiences to help gain insight on the challenges and strategies in STEM laboratories.

Get to the survey here: <http://tinyurl.com/STEMSVY>

If you have any questions or are interested in learning more about the study, please contact Hervens Jeannis at [HEJ7@pitt.edu](mailto:HEJ7@pitt.edu) or (860) 800-3260 on weekdays from 9-7pm EST.
