In addition, by meeting this residency requirement, such students are eligible to apply for some student financial aid programs offered by the state of Texas.

Please Note: In order to qualify for **state** student financial aid, the college/university must first make the determination on the student's residency status. Also, keep in mind that the state's definition of residency does not make a student eligible for **federal** financial aid.

Note that if you were born on **January 1, 1987**, you should answer “No.”

2. *As of today, are you married?*

Answer “Yes” if you are married as of the date that you complete the application. Answer “Yes” if you are separated but not divorced.

In the state of Texas, common-law marriages are recognized. Therefore, if you meet the state’s requirements to be considered common-law married, answer “Yes” to this question. For more information on common law marriage in Texas, go to www.co.travis.tx.us/dro/common_law.asp

3. *Are you in a graduate program of study?*

You should answer “Yes” if you will be enrolled in a master’s or doctoral program in the initial term you attend in the **2010-2011** academic year. If you will be finishing your bachelor’s degree in the initial term of the academic year and then moving on to a master’s or doctoral degree you should first answer this question as “No.” Once you have completed the bachelor’s degree, you must notify the financial aid office at the college or university that you will be attending.

4. *Do you have at least one child that you support?*

Answer “Yes” if you have at least one child who receives at least 50% of his or her financial support from you. An applicant whose unborn child will be born before the end of the academic year (**June 30, 2011**) may answer “Yes.” Note that financial support is the issue here; it does not matter whether the child lives with you or not.

5. *Do you have dependents other than your children or spouse?*

Answer “Yes” only if the dependents live with you and receive more than half of their support from you, now and through **June 30, 2011**.

6. *Are you an orphan or ward of the court?*

Answer “Yes” if you had no living parent (biological or adoptive) when you were age 13 or older, even if you are now adopted.

Answer “Yes” if you were in foster care when you were age 13 or older, even if you are no longer in foster care as of today.

Answer “Yes” if you were a dependent/ward of the court when you were age 13 or older, even if you are no longer a dependent/ward of the court as of today.

Note that the financial aid administrator at your school may require you to provide proof that you were in foster care or a dependent/ward of the court.

7 & 8. As of today are you an emancipated minor or in legal guardianship as determined by a court in your state of legal residence?

Answer "Yes", if you can provide a copy of the court's decision that you are an emancipated minor or are in legal guardianship. The court must be located in your state of legal residence. If the court order is no longer in effect, answer "No." Note that the financial aid administrator at your school may require you to provide additional information such as a copy of the court's decision.

9, 10, & 11. Are you an unaccompanied youth who was homeless or at risk of being homeless?

Answer "Yes" if you received a determination at any time on or after July 1, 2009, that you were an unaccompanied youth who was homeless or, for question 11, at risk of being homeless.

- Homeless - means lacking fixed, regular and adequate housing, which includes living in shelters, motels or cars, or temporarily living with other people because you had nowhere else to go.
- Unaccompanied - means you are not living in the physical custody of your parent or guardian
- Youth - means you are 21 years of age or younger or you are still enrolled in high school as of the day you sign this application.

Answer "No" if you are not homeless, at risk of being homeless or if you do not have a determination. You should contact your financial aid office for assistance if you do not have a determination but believe you are an unaccompanied youth who is homeless or are an unaccompanied youth providing for your own living expenses who is at risk of being homeless.

Note that the financial aid administrator at your college may require you to provide a copy of the determination if you answered "Yes" to one of these questions.

Section II: Household Information

12. If you are classified as a dependent student (according to Section I of this application), list the names and birthdates of ALL family members who will be supported by your parents between July 1, 2010 through June 30, 2011.

A *foster parent, a legal guardian, or a grandparent or other relative* is **not** considered a parent for purposes of filing this application **unless** that person has legally adopted the applicant. A person who has been granted power of attorney for a student is not a legal guardian.

13. *As of today, are you or your spouse a dislocated worker?*

In general, a person is considered a dislocated worker if they meet one of the following conditions:

- They have lost their job.
- They have been laid off or received a lay-off notice from their job.
- They are receiving unemployment benefits due to being laid off or losing a job and are unlikely to return to a previous occupation.

- They are a displaced homemaker. A displaced homemaker is generally a person who previously provided unpaid services to the family (e.g. stay at-home mom or dad), is no longer supported by the husband or wife, is unemployed or underemployed, and is having trouble finding or upgrading employment.

If a person quits work, generally they are not considered a dislocated worker.

Answer "No" to question 13 if you or your spouse is not a dislocated worker.

Answer "Don't know" to question 13 if you are not sure that you or your spouse is a dislocated worker.

Section III: Additional Information

14. *Did you file a federal income tax return for 2009?*

Indicate whether you have already completed, are going to complete, or will not file a tax return for 2009. If "Yes", you must attach a copy of your tax return to this application.

15. *Are you a male between the ages of 18 and 25?*

If you are male between the ages of 18 and 25, you must register with Selective Service in order to qualify for any type of state aid (regardless of residency status).

If you are required to register, you must provide your registration number on this application.

16. *Have you been convicted of a felony or a crime involving a controlled substance?*

If you have been convicted, you are not necessarily ineligible for aid. If you answer "Yes" to this question, contact your financial aid administrator for further instructions.

17. *Do you have a visa that allows you to be employed in the U.S.?*

If you have a visa and your visa type allows you to be employed in the U.S., you could be eligible for the Texas College Work-Study Program.

Indicate whether your parent(s) have already completed, are going to complete, or will not file a tax return for 2009.

If a person quits work, generally they are not considered a dislocated worker.

Answer "Yes" to question 22, if your parent is a dislocated worker.

Answer "No" to question 22 if your parent is not a dislocated worker

Answer "Don't know" to question 22 if you are not sure that your parent is a dislocated worker.

Indicate the marital status of your primary parent as "married," "single," "widowed," or "divorced/separated." If your parents are married, please include income information for both parents in sections IV and V. If your parents are divorced, but have remarried, please include income information for your primary parent and his/her current spouse.

24 & 25 Father's/mother's highest level of education completed

These questions do not affect your eligibility for state aid. Some institutional programs use the information provided here to offer aid to first-generation college students.

Section IV: Income and Assets

Part A: Annual Untaxed Income

26. Child support received

Report child support that you and either your spouse or your parents, as applicable, received for all children during 2009. Do not include foster care or adoption payments.

27. Tax exempt interest income

If you filed a tax return, you can find it on IRS form 1040-line 8b or 1040A line 8b.

28. *Housing, food, and other living allowances*

Housing, food, and other living allowances provided to you or your parents must be reported. These allowances must be reported when they are part of a compensation package that some people receive for their jobs. Include cash payments and cash value of benefits. If you received free room and board in 2009 for a job, you must report the value of the room and board as untaxed income. (For this category, "housing allowances" excludes rent subsidies for low-income housing.)

29. *Other untaxed income not reported, such as worker's compensation, disability*

Don't include student aid, earned income credit, child tax credit, untaxed Social Security benefits, Workforce Investment Act educational benefits, combat pay(if you are not a tax filer), benefits from flexible spending arrangements (e.g. cafeteria plans), foreign income exclusion or credit for federal tax on special fuels.

30. *Money received or paid on your behalf not reported elsewhere on this form*

Report any **cash** support that you (the student) receive from a friend or relative. Cash support includes payments made on your behalf. For instance, if your aunt pays your rent or utility bill that you would otherwise be obligated to pay yourself, you must report those payments in this section.

31. *List any income that was paid in cash or other means for which a tax return was not filed or a W-2 form was not provided. (Wages not listed on taxes or W-2 forms).*

Part B. Annual Income Exclusions

32. *Child support paid*

Report any child support payments **paid** by you and either your spouse or your parents, as applicable, during 2009 as a result of divorce, separation or some other legal requirement. Keep in mind that these payments are payments made to children not living in your or your parents' household.

For purposes of this application, a child is a member of your household if you provide more than half of the child's support, whether the child lives with you or not.

33. *Taxable earnings from State Work-Study or other need-based work programs*

These are earnings from need-based work programs and need-based employment portions of fellowships and assistantships.

34. *Scholarships and grants reported on a 2009 tax return*

Report any student grant and scholarship aid that was reported to the IRS on your or your parents' 2009 income tax return. This includes benefits such as awards, living allowances, and interest accrual payments as well as grant and scholarship portions of fellowships and assistantships.

Part C. Assets

35. *As of today, balance of cash, savings, and checking accounts*

Do not include student financial aid in this amount.

36. As of today, investment net worth (do not include the home you live in or the balance of retirement plans)

Net worth means current investment value minus current investment debt.

Investment value - investment debt = net worth of investments

If you or your parents own real estate or investments other than your principal residence, investment value equals the amount the investments are worth today. Investment debt equals how much you and either your spouse or your parents, as applicable, owe on real estate and investments other than your principal residence. Investment debt means only those debts that are related to the investments.

Investments include real estate such as rental property, land, and second or summer homes. Do not include your primary place of residence (that is, your home). Include the value of portions of multifamily dwellings that are not your principal residence. Investments also include trust funds, money market funds, mutual funds, certificates of deposit, stocks, stock options, bonds, other securities, Coverdell Education Savings Accounts (formerly Education IRAs), college savings plans, installment and land sale contracts (including mortgages held), commodities, etc.

Do not include the value of life insurance and retirement plans (pension funds, annuities, non-education IRAs, Keogh plans, etc.).

The money in a Coverdell Education Savings Account or a college savings plan is an asset of the account owner. A Coverdell Education Savings Account is not a retirement account. It is essentially a savings account to be used for the student's educational expenses. Therefore, if you own the account, you must report the amount in your Coverdell Education Savings Account with your investments.

37. As of today, net worth of current businesses and/or investment farms

Business or farm value includes the current market value of land, buildings, machinery, equipment, inventory, etc. Do not include your primary home.

Business/farm value - business/farm debt = net worth of business/farm

For business or investment farm value, first figure out how much the business or farm is worth today.

An investment farm is a farming business in which you (and your spouse, if married) or your parents do not reside on the farm, nor do they materially operate the farm.

Business or investment farm debts are what you (and your spouse, if married) or your parents owe on the business or farm. Include only debts for which the business or farm was used as collateral.

To report current market value for a business, you must use the amount for which the business could sell as of the date of the application. Also, if you are not the sole owner of the business, you should report only your share of its value and debt.

Do not include the value of a small business that you (your spouse and/or your parents) own and control and that has 100 or fewer full-time or full-time equivalent employees.

Section V: Total Family Income

38. **Was your Total Family Income less than \$6,500 in 2009?**

In order to accurately assess your financial situation, your college/university needs to account for all sources of income. In cases where your income falls below \$6,500, an explanation is required, as this amount is considered to be significantly below the 2009 poverty level set by the U.S. Department of Health and Human Services. In the explanation that you provide to the college/university, make sure that you list all sources of income and itemize your living expenses.

If a relative claims you on his/her taxes, some schools may require that you provide a copy of his/her IRS Tax Form. Check with the school that you are planning on attending to find out if additional documentation is required.

Include a breakdown of your living expenses

In order to accurately assess your financial situation, your college/university needs to account for all sources of income. In cases where your income falls below \$6,500, an explanation is required, as this amount is considered to be significantly below the 2009 poverty level set by the U.S. Department of Health and Human Services.

If you answered "yes", make sure that you provide a letter that explains all your sources of income and how you were able to cover all your living expenses. You may want to provide an itemized budget.

If a relative claims you on his/her taxes, some schools may require that you provide a copy of his/her IRS Tax Form. Check with the school that you are planning on attending to find out if additional documentation is required.

Section VI: Statement of Selective Service Registration Status

39. **Certification of Registration Status**

Under Texas Education Code, Section 51.9095, if you are currently of the age and gender requiring registration with Selective Service, but knowingly and willfully fail to do so, you are ineligible to receive funds from the State of Texas.

Exemptions

Almost all male U.S. citizens, and male non-citizens living in the U.S. who are 18 to 25 years of age, are required to register with Selective Service. Some non-citizens are required to register and others are not. **Non-citizens not required to register include men who are in the U.S. on student or visitor visas, and men who are part of a diplomatic or trade mission and their families.** Almost all other male noncitizens are required to register, including **undocumented residents**, legal permanent residents, and refugees.

Non-Registrants

If you are not registered as required, you are presently not eligible to receive state aid and should register promptly at a United States Post Office. A Certificate of Mailing may be obtained from the Post Office at such time that you mail your registration and may be used as proof of your application until you receive your Selective Service Registration Card.

Privacy Act Statement

Because information on your registration status is essential for determining whether you are in compliance with the Selective Service law, **failure to provide the information requested by this statement will prevent you from receiving state aid.** This information is subject to verification with the Selective Service System.

False Statement Notification

A false statement may be grounds for your state aid to be suspended.

Review

Should any question arise regarding your registration or eligibility for an exemption, you may request an official “**status information**” letter from the Selective Service System by calling 1-847-688-6888. As an alternative, you may send a written request to the Selective Service System at P.O. Box 94638, Palatine, IL 60094-4638.

Section VII: Signatures

40. Student and Parent Signature

Remember to sign your name on the application. Also, if you are classified as a dependent student, one of your parents must sign the application. The application will not be processed until all required signatures are included.

41. High School Counselor

This section applies to first-year college students (freshmen) only. If extenuating circumstances exist that preclude your parent from signing this form, your high school counselor can sign this form. However, when a high school counselor signs this form on behalf of the student’s parent, the high school counselor is attesting to the accuracy of the information provided on the application. Also, by signing the form, the counselor agrees to cooperate with the college or university’s financial aid officer in providing documentation that verifies the student’s family circumstances and economic situation. Most college and university financial aid officers will want to contact the high school counselor for additional information and documentation. Therefore, the high school counselor must provide the following contact information: name, title, telephone number, e-mail address, and mailing address.

If you are **not** a first-year college student, but have extenuating circumstances that preclude your parents from signing this form, contact the financial aid office of the school that you plan to attend for more information.
