Applying to Doctor of Physical Therapy (DPT) Degree Programs

Application Information

UTSA does not offer advanced degrees in physical therapy studies. However, students are able to take pre-requisite coursework while completing any major at UTSA. Students are encouraged to take coursework in the basic sciences, social and behavioral sciences, and humanities to prepare for their physical therapy program. Students should choose a major of their interest and purposefully take coursework in preparation for their application to a DPT program.

A common timeline for students attending PT school is shown below:

Physical Therapy Pre-requisites

Requirements vary, please refer to the admission website for your school of interest for specific prerequisite information. You may also contact the University Health Professions Office to discuss which UTSA courses fulfill physical therapy prerequisites.

Health Professions Advising

Newly-admitted UTSA students are assigned an advisor (called a primary advisor) based on their major. For students pursuing Physical Therapy pre-requisites, this advisor will be assigned in one of UTSA’s Advising Centers but students will also meet with Health Professions Advisors to determine pre-requisites and requirements related to their PT studies.

Students are encouraged to meet with a Health Professions Advisor throughout their tenure at UTSA.

When to meet with a Health Professions Advisor:

- Orientation
- At least once per academic year to discuss coursework, holistic admissions, GRE preparation, academic standing
- In the semester prior to application

What to expect from a Health Professions meeting:

- Discussion of GPA competitiveness
- Testing and Application timeline
- Health Professions Pathways
- Holistic applicant assessment
Graduate Record Examination (GRE) Test

The GRE is one of the measures required by many DPT programs to determine a student’s academic ability in relation to graduate education.

Some general information about the GRE:

- Three sections:
  - Verbal Reasoning (Two 30 minute sections with 20 questions per section)
  - Quantitative Reasoning (Two 35 minute sections with 20 questions per section)
  - Analytical Writing (30 minutes)
- Scoring:
  - Verbal Reasoning and Quantitative Reasoning: Scores range from 130-170
  - Analytical Writing: Scores range from 0-6 in half point increments

More information about the GRE can be found on the American Educational Testing Services website (http://www.ets.org/gre/).

Shadowing/Volunteering/On-Campus Involvement

Admission to physical therapy programs is becoming increasingly holistic. As such, students are strongly encouraged to participate in health care-related activities, community service and on-campus leadership experiences. Experience in these areas contributes to a students understanding of and commitment to physical therapy careers and facilitates personal development prior to the application process.

Ways to get involved:

- UHPO keeps a list of volunteer opportunities in the San Antonio area in our office and on our website, located here: http://www.utsa.edu/healthprofessions/volunteer.html.
- UTSA student organizations participate in service and PT-related activities. Information about getting involved on-campus can be found on RowdyLink: https://utsa.collegiatelink.net/.
- Students are encouraged to volunteer or shadow physical therapists in various settings to gain an understanding of the profession.
- Pre-PT students are encouraged to apply for leadership roles in their community and/or on-campus to develop necessary communication and teamwork skills.
- Attend UTSA’s Health Professions Day, to meet with representatives from various PT schools.
