

Previous iclicker Users: Getting Started Again for a New Semester

1. Open iclicker.
2. Select create a new course.
3. Customize the settings for the course: Typical users will enter their remote ID, select Blackboard Version 8+, and set their scoring points according to their syllabus.
4. Open igrader.
5. Select yes to download the roster.
6. Click sync.
7. Click yes to agree.
8. Find the correct class from the long list.
9. Select import roster.
10. Choose to restart igrader.
