

Upgrading to i>clicker Version 7

Before you upgrade please note:

Version 7 does not include all features version 6 offers.

Version 7 requires firmware v5.04 for your i>clicker base - www1.iclicker.com/tools-and-utilities/

Version 7 sessions are not backwards compatible with version 5 or 6.

Upgrading to i>clicker Version 7

Installation Instructions

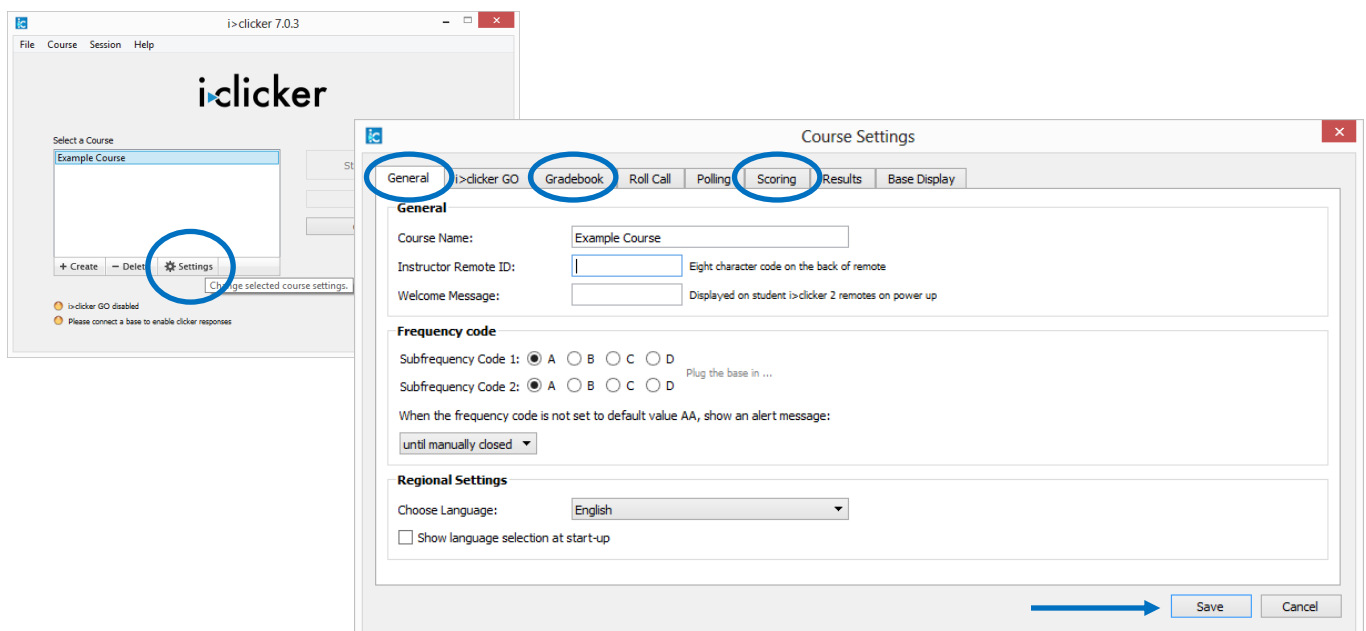

1. Download the files according to the operating system you are using from the UTSA Academic Technology Webpage: <http://one.utsa.edu/sites/oit/OITConnect/video/Pages/iClicker-Blackboard-Integration.aspx>. These files are specifically configured for our campus and the instructions found in this document.
2. Save the files to either a secure flash drive or your First.LastName folder located in the network I Drive. LOK-IT secure flash drives are available through Academic Technology at no charge by calling 210.458.5555.
3. Right click the zipped file and select **Extract All**.

Setup Instructions

1. Double click  **i>clicker** to run the application.
2. Create each of your courses:
Click **+ Create**, enter a course name, click the **Create** button.
Repeat for each class.

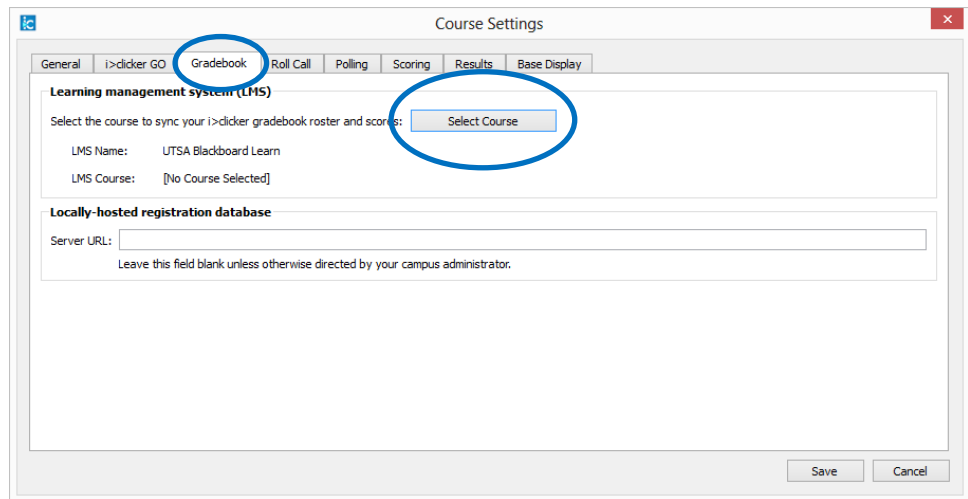

3. Customize the settings for each course: Click **Settings**, enter your instructor remote ID under the **General** tab, integrate with Blackboard under the **Gradebook** tab (detailed instructions on the next page), and assign points under the **Scoring** tab. Make other changes as desired and click **Save**. Repeat for each class.

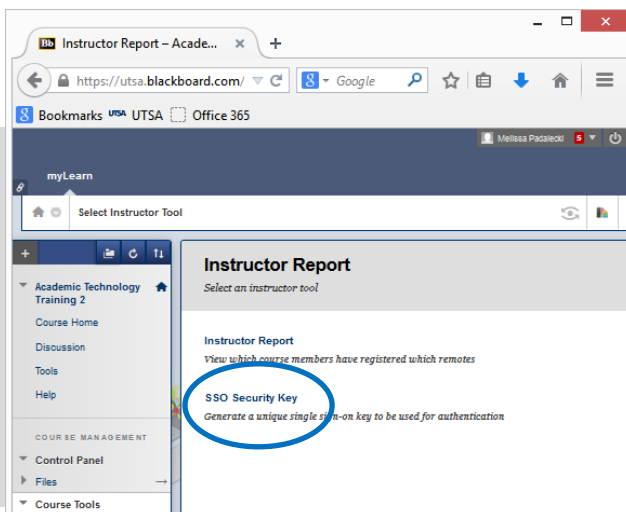

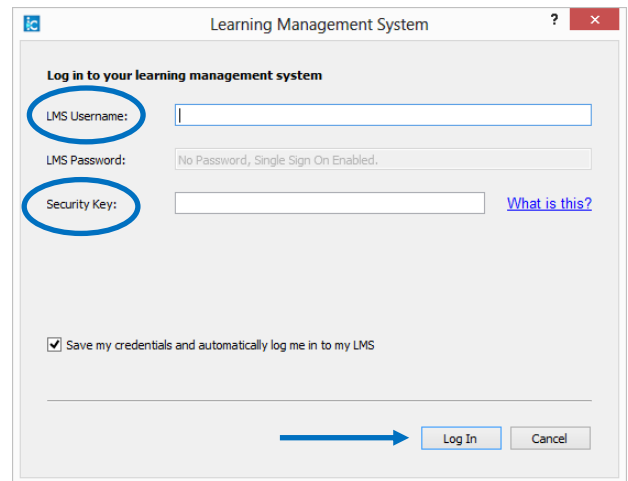

Upgrading to i>clicker Version 7

Blackboard Integration Instructions

1. Select a course from your list, click **Settings**, click the **Gradebook** tab.
2. Click **Select Course**.

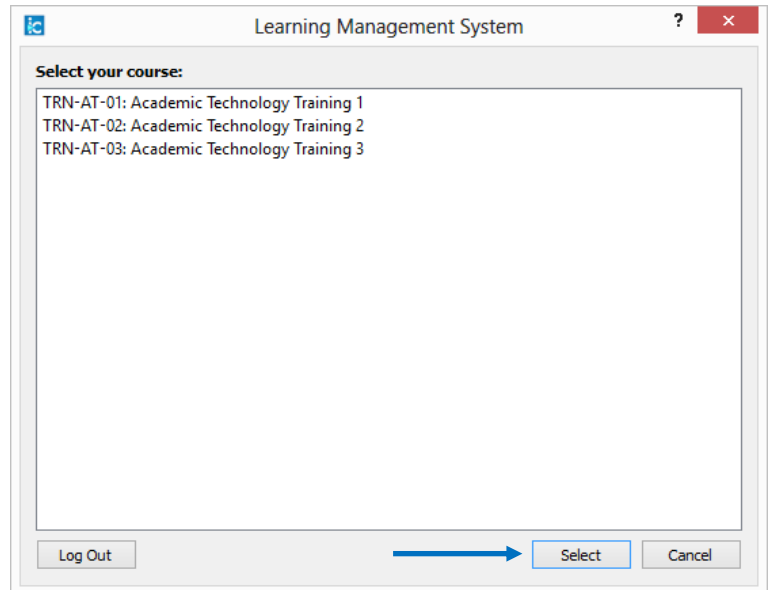

3. In the LMS Username field enter your **Network ID** (abc123).
4. In the Security Key Field enter your **SSO Security Key**: This key can be found in any of your Blackboard courses. It is the same for all courses.
5. Click **Log In**.

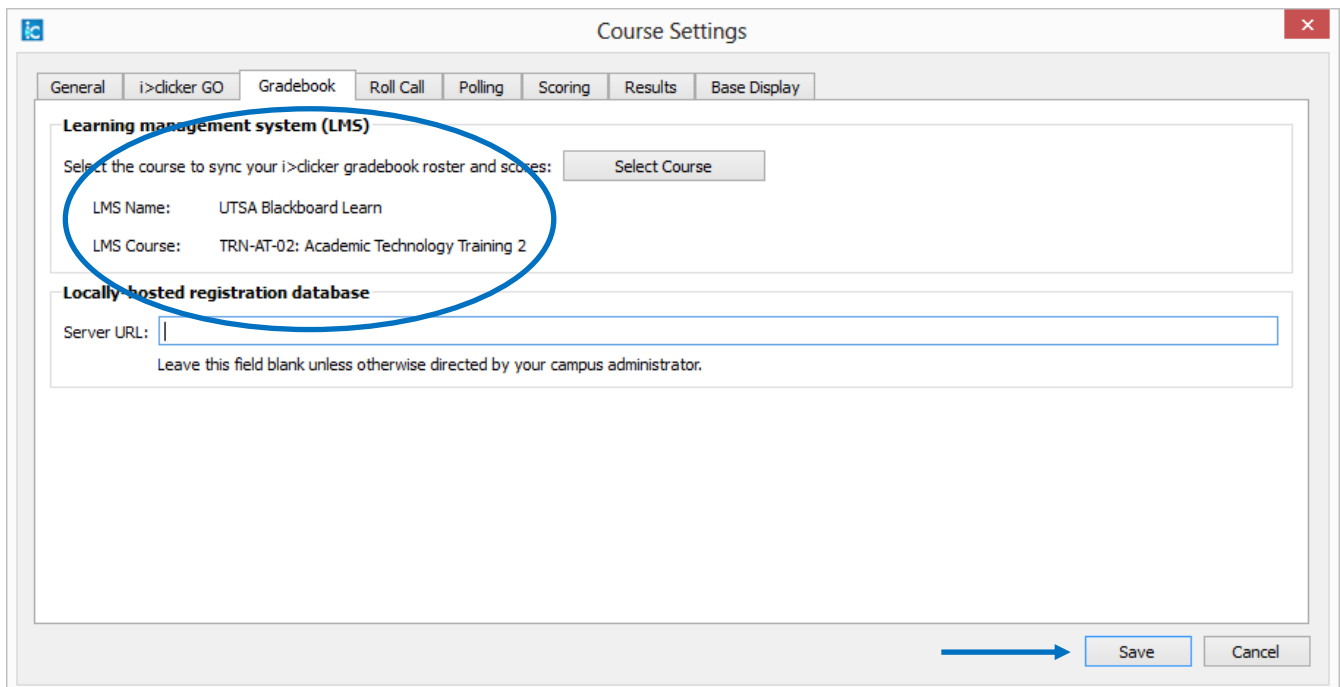

How to obtain the SSO Security Key in Blackboard:
Enter any of your Blackboard courses. From the Course Management menu select **Course Tools**, then **i>clicker Instructor Tools**, then **SSO Security Key**.

Upgrading to i>clicker Version 7

6. Select the course that corresponds with the i>clicker course you are setting up and click **Select**.

7. You should now see your Blackboard course name listed in the i>clicker Gradebook tab. You DO NOT need to enter a Server URL. Click **Save**.

A complete Version 7 User Guide and related help can be found at <http://support.iclicker.com>.
