SET NUMBER OF ATTEMPTS FOR AN ASSIGNMENT

An instructor can set the number of attempts for an assignment when the assignment is created by going to Submission Details section on Edit Assignment screen.

Assignment Type - An instructor decides the type of Assignment between Individual Submission and Group Submission.

Number of Attempts – There are three options to choose from for allowing the students to submit an assignment – Single, Multiple and Unlimited.

When an instructor chooses Multiple attempts, he/she is prompted to enter a number for Maximum Attempts and choose option for Score attempts using. There are five options available under Score attempts using – Last Graded Attempt, Highest Grade, Lowest Grade, First Graded Attempt and Average of Graded Attempts.
