**WHAT:** Astronomy for Future STEM Teachers  
**WHEN:** May 14 - 25, 2018

This program will provide future teachers (those enrolled in teacher preparation programs) with opportunities to deeply engage with modern astronomy. Participants will use NASA Education Materials to learn about galaxies, dark matter, exoplanets, telescopes, and the future of astronomy. The program includes fieldtrips to the McDonald Observatory, the Scobee Education Center, and the Witte Museum.

**Space is limited:** maximum = 15 participants; deadline Mar 28
