Roland K. and Jane W. Blumberg Professorship in Biology
Bernard Arulanandam, Professor of Biology
Research interest: Infectious Disease and Vaccine Development

Roland K. and Jane W. Blumberg Professorship in Biosciences
Edwin Barea-Rodriguez, Department Chair and Professor of Biology
Research interest: Neurobiology of Aging
Aaron Cassill, Professor of Biology
Research interest: Cell Signaling

Lutcher Brown Distinguished Chair (in Biochemistry)
Harry Jarrett, Professor of Chemistry
Research interest: Muscular Dystrophy and Cell Signaling

Lutcher Brown Distinguished Chair (in Bioinorganic Chemistry)
Donald Kurtz, Professor of Chemistry
Research interest: Bioinorganic Chemistry

Lutcher Brown Distinguished Chair
Ravi Sandhu, Professor of Computer Science
Research interest: Cybersecurity

Lutcher Brown Distinguished Chair
Miguel José Yacaman, Department Chair and Professor of Physics
Research interest: Nanotechnology

Rita and John Feik Distinguished University Chair in Medicinal Chemistry
Michael Doyle, Professor of Chemistry
Research interest: Medicinal Chemistry

The Ewing Halsell Distinguished Chair in Biology
Charles Wilson, Professor of Biology
Research interest: Neurobiology of Learning and Memory

Jesse H. and Mary Gibbs Jones Endowed Chair in Biotechnology
Thomas Forsthuber, Professor of Biology
Research interest: Immunology

Kleberg Distinguished University Chair in Cellular & Molecular Biology
John McCarrey, Professor of Biology
Research interest: Stem Cells and Regenerative Medicine
Robert J. Kleberg Jr. and Helen C. Kleberg College of Sciences Endowed Professorship
   Karl Klose, Professor of Biology
   Research interest: Bacterial Pathogenesis

Dan Parman Endowed Chair in Applied Mathematics
   Changfeng Gui, Professor of Mathematics
   Research interest: Applied Mathematics

Semmes Foundation Distinguished University Chair in Neurobiology
   George Perry, Dean of College of Sciences, Professor of Biology
   Research interest: Alzheimer Disease

Amy Shelton and V. H. McNutt Distinguished Professorship in Geology
   Alan Dutton, Department Chair and Associate Professor of Geology
   Research interest: Hydrogeology

Margaret Batts Tobin Distinguished Chair in Biotechnology
   Jose Lopez-Ribot, Professor of Biology
   Research interest: Fungal Infection and Vaccine Development

UTSA President’s Endowed Professorship #1
   Floyd Wormley, Jr., Professor of Biology
   Research interest: Host-Fungal Interactions and Vaccine Development

The Vaughan Family Endowed Professorship in Physics & Astronomy
   Eric Schlegel, Professor of Physics
   Research interest: Astrophysics and Cosmology

Max and Minnie Tomerlin Voelcker Distinguished Professorship in Chemistry
   Doug Frantz, Professor of Chemistry
   Research interest: Organic and Medicinal Chemistry

Dr. Weldon W. Hammond, Jr. Distinguished Professorship in Hydrogeology

Semmes Foundation Endowed Chair in Cell Biology

Robert A. Welch Distinguished University Chair in Chemistry

Robert A. Welch Distinguished University Chair in Chemistry
