

**BE ROWDY.  
BE RESPONSIBLE.**

# **Risk Management Symposium**

## **February 9, 2008**

**9:00 a.m.-4:30 p.m.**

### **University Center**

Would you know how to handle an accident while you are traveling with your organization?

Do you know the signs of alcohol and drug abuse?

Do you know how to report hazing?

What are the risks of underage drinking?

Does your organization have an active risk management policy?

Are you and your organization prepared?

Risk Management Symposium is an all day risk management conference for students, faculty and staff. This event provides students, organizations and their advisors the opportunity to learn practical risk management skills.

Risk Management Symposium is a FREE event, but requires registration.

Risk Management Symposium sessions will cover:

- Alcohol: understanding BAC, University Polices and State Laws, alcohol poisoning, alcohol and sexual behavior, and underage drinking prevention
- Drugs: University Polices and State Laws, interventions, recognizing abuse
- General Risk Management: creating and working with a risk management policy, reducing personal and organizational risks, travel procedures for organizations
- Hazing: definition of hazing, how to report hazing, appropriate bonding and leadership activities for groups and organizations
- Internet Safety: understanding Facebook, MySpace and other online networking

Registration Deadline: Friday, February 1, 2008 at Noon.
