

The Orientation and Family Programs team just finished Roadrunner Camp (RRC) 2011. RRC generates enthusiasm and excitement for all new students while encouraging UTSA spirit in campus activities, traditions, and athletic events. In addition, students learn to begin modeling character and sportsmanship in all events and activities as they prepare for college and beyond. They discover opportunities for leadership and involvement on campus. Through all of this, the RRC Team encourages and supports each student in their personal, social, and academic transition to UTSA. Below are highlights from this year's experience! Thank you to all those involved!!!!
