The University of Texas at San Antonio, an emerging research university working toward Tier One university status, is pleased to share this snapshot of our academic year 2009–2010 statistics.

UTSA continues to be one of the fastest-growing universities in the state, and a record number of students enrolled again this fall. We are particularly proud of our Graduate School, where doctoral program enrollment increased 18 percent over last year, and of our more than 76,000 alumni who call UTSA their alma mater.

UTSA increasingly is becoming a university of first choice, with more than half of our students coming from outside of San Antonio. This year, more than 3,700 students live on campus in four residential complexes with an additional 5,000 residing in nearby homes and apartments. The university offers a robust campus life that includes 16 intercollegiate sports and a brand new Division I-A football program that will take the field for the first time in fall 2011.

We continue to hire outstanding faculty and pursue research collaborations with local businesses and other university partners, both of which are critical steps toward becoming a national research university.

In the following pages, you’ll get a glimpse of our students and faculty and our impact on South Texas. To learn more, I invite you to drop me a line at president@utsa.edu or visit UTSA on the Web at www.utsa.edu.

Ricardo Romo
President
A 40-YEAR HISTORY

Created by the Texas Legislature in 1969, The University of Texas at San Antonio has come far since enrolling its first class of 670 graduate students in 1973. This year, UTSA enrolled 28,955 students in 133 undergraduate and graduate degree programs.

UTSA is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, headquartered in Decatur, Ga., to award baccalaureate, master’s and doctoral degrees.

UTSA is meeting the region’s growing demand for access and excellence in higher education through programs and services offered on its three campuses: the Main Campus, the Downtown Campus and the HemisFair Park Campus.

The Main Campus encompasses 725 acres in northwest San Antonio. The Downtown Campus serves students on 18 acres in the historic heart of San Antonio. The HemisFair Park Campus, also located in downtown San Antonio, is home to the Institute of Texan Cultures.
UTSA enrolled a record 28,955 students in fall 2009. In addition to serving students throughout Texas, UTSA educates students from 47 states, four U.S. territories and over 80 foreign countries.

A Hispanic-Serving Institution, UTSA provides access and opportunity to large numbers of historically underserved students. More than 58 percent of UTSA’s students come from groups underrepresented in higher education, and many students are the first in their families to attend a college or university.

UTSA ranks No. 4 in the nation for the number of undergraduate degrees awarded to Hispanic students and No. 12 nationally in the number of master’s degrees awarded to Hispanics, according to 2008 Hispanic Outlook in Higher Education magazine rankings.

**STUDENT ENROLLMENT BY ETHNICITY FALL 2009**
UTSA offers 64 bachelor’s, 48 master's and 21 doctoral degree programs. Of the 25,006 undergraduate students, 762 are concurrently enrolled in their degree program through the UTSA Honors College.

The College of Business is the largest business school in The University of Texas System and is nationally ranked by Princeton Review, BusinessWeek and HispanicBusiness.

The College of Engineering hosted the North American Energy Summit, which brought energy leaders and policy makers from around the world to San Antonio. This consortium laid the foundation for UTSA’s new Institute for Conventional, Alternative and Renewable Energy.

The College of Education and Human Development—the leading provider of educators in the San Antonio area—secured $13 million in funding from the U.S. Agency for International Development to provide 5 million books to 1,000 elementary schools in Malawi.

The College of Liberal and Fine Arts, which has the highest enrollment at UTSA, ranks second in the UT System for external research funding in arts, humanities and social sciences.

The College of Sciences collaborates with other leading research institutions such as Southwest Research Institute. Since 2005, UTSA and Southwest Research Institute have maintained a joint doctoral program focusing on space physics.

The College of Public Policy’s Center for Policy Studies is in the top five certifying institutions in the U.S. for American Humanics, a program that brings together universities, nonprofit organizations and community partners to prepare professionals to lead nonprofit organizations.

The College of Architecture ranks first in the nation in awarding degrees to Hispanic students, according to Hispanic Outlook in Higher Education.

More than 50 percent of Honors College graduates have been accepted into postgraduate universities and medical and professional schools.

Go Roadrunners! UTSA is a member of the Southland Conference and is San Antonio’s only NCAA Division I institution. The university fields teams in 16 sports, including baseball, basketball, cross country, golf, indoor and outdoor track and field, softball, tennis, soccer and volleyball.

In 2007, students passed a referendum to increase fees to expand athletics programs with support for the addition of a football program. In December 2008, The University of Texas System Board of Regents unanimously approved UTSA’s Athletic Initiative Business Plan, granting the university permission to add an NCAA Division I football program.

UTSA hired Larry Coker, who led the Miami Hurricanes to a national championship in 2001, as the team’s founding head football coach. Coker and assistant coaches have begun recruiting for UTSA’s first football team, expected to take the field in 2011.

For more on UTSA Athletics, visit www.goutsa.com.
UTSA’s athletics teams have qualified for 38 NCAA championship events:

- Baseball regional in 1994 and 2005
- Men’s basketball first round in 1988, 1999 and 2004
- Women’s basketball first round in 2008 and 2009
- Men’s cross country championships in 1997
- Women’s cross country championships in 1996
- Softball regional in 2004 and 2006
- Men’s tennis regional in 2002
- Women’s tennis regional in 2002
- Men’s indoor track and field championships in 2004, 2005 and 2009
- Volleyball first round in 2000.
Undergraduate tuition and fees for the 2009–2010 academic year are $8,045, based on 15 credit hours each semester for two semesters. Historically, UTSA is less expensive than other Texas public universities in major metropolitan areas.

**ADDITIONAL UNDERGRADUATE EXPENSE ESTIMATES:**

- **Books:** $1,000 per year
- **Personal/misc. expenses:** $1,750 per year
- **Housing and meals (on-campus):** $8,738 per year
- **Housing and meals (off-campus):** $8,322 per year
- **Transportation (on-campus):** $880 per year
- **Transportation (off-campus):** $2,358 per year
Nearly 70 percent of all UTSA students receive financial aid, including grants, scholarships, loans and work-study jobs. In the 2007–2008 school year, UTSA provided $186.6 million in financial aid.

Additionally, UTSA has established the Undergraduate Tuition Support and Access (UTSAccess) program for incoming freshmen with annual family incomes of $30,000 or less. Eligible students receive grants and scholarships to cover tuition and fees for four years as long as students take 24 hours a year and maintain at least a 2.0 grade point average.
UTSA prides itself on recruiting and retaining faculty members who are nationally and internationally recognized in their fields. The university added more than 45 faculty positions over the past year. More than 98 percent of full-time faculty hold doctoral or equivalent terminal degrees in their fields.

UTSA’s endowed professorships, a measure of academic excellence, include 14 distinguished chairs and six distinguished professorships.

In fall 2008, UTSA employed 4,342 individuals—faculty and staff who create and support UTSA’s teaching, research and outreach mission.

UTSA is proud to report a 34 percent increase to $46,521,487 in total research spending for the Sept. 1, 2008–Aug. 31, 2009 fiscal year (FY 09) over the previous fiscal year, when research spending totaled $34,601,444. The statistic is up 97 percent from just five years ago, when UTSA’s total research expenditures were $23,605,844.

In addition, UTSA reported $67,427,457 in total research and sponsored program expenditures for FY 09. The figure represents a 30 percent increase in total sponsored program expenditures over the last fiscal year and a 71 percent increase over the last five fiscal years when the numbers were $51,869,574 and $39,463,871, respectively.

- South Texas Center for Emerging Infectious Diseases
- Center for Advanced Manufacturing and Lean Systems
UTSA offers educational programs, guest lectures and artistic performances throughout the year to better serve the university and San Antonio community. Specifically, the mission of the Office of Community Services is to extend the university beyond its campuses and into San Antonio and South Texas through public service, extension, outreach and community education.

➢ In 2008, more than 27,000 students from across the state visited the Institute of Texan Cultures to enrich their Texas history curriculum experience. The museum's biggest community event, the Texas Folklife Festival, celebrates the state's rich heritage by showcasing music, food, and arts and crafts from more than 40 cultures.

➢ UTSA is preparing youth for success in engineering, math and science through the Prefreshman Engineering Program. More than 1,000 students in grades 6 through 11 participate annually in the eight-week summer program.

➢ The UTSA Mexico Center fosters academic, research, cultural and programmatic exchanges with universities and organizations in Mexico, engaging students, faculty and staff, and promoting a better understanding of Mexico and its relationship to the U.S.

➢ The Office of Extended Education serves the region's adult, professional and continuing education needs through a range of targeted programs that match the university's unique resources with the lifelong learning needs of the region.

A comprehensive listing of UTSA's community outreach programs is available at www.utsa.edu/community.

*Data is preliminary
UTSA generates more than $1.2 billion in annual business revenues and supports an estimated 15,720 jobs in the San Antonio metropolitan statistical area (based on 2008 figures).

The economic impact stems from the university’s capital expenditures and operating budget; total amount of money spent by faculty, staff and students, as well as visitors to collegiate and sporting events; and UTSA’s Institute for Economic Development (IED), which provides services to more than 30,000 businesses annually.

Approximately 86 percent of UTSA graduates remain in Texas, adding an estimated $4.8 billion in earnings alone to the state economy. Approximately 70 percent of alumni remain in the San Antonio metropolitan area.

*Output impact = dollar amount that UTSA’s expenditures and related expenditures have on the area economy.

**Employment impact = UTSA’s direct and indirect employment related to campus activities and expenditures.
UTSA has awarded degrees to more than 76,000 students in its 40-year history, and many are staying connected to their alma mater by being active members of the UTSA Alumni Association.

The Alumni Association sponsors a full calendar of activities, including on-campus events such as the Diploma Dash 5K run. There is a young alumni group for graduates 35 years or younger, an alumni volunteer team for those who can help with a special project or event, and an alumni mentoring group for members interested in connecting with a current student interested in pursuing the same career field.

Annual membership starts as low as $40 per year and includes numerous other benefits such as library access, discounted parking passes, eligibility for membership to the Student Recreation Center, and more.

For more information, visit www.utsa.edu/alumni.
Recognized by the State of Texas as an emerging research university, UTSA is on the road to becoming a Tier One research university. A Tier One university, also called a national research university, is an institution recognized for outstanding performance in research and academics.

With nearly 29,000 students, UTSA is the second-largest university in the UT System and the fifth-largest public university in Texas. More than 540 students are pursuing their doctoral studies at UTSA—an increase of 18 percent over fall 2008—and graduate enrollment continues to climb.

With more than $67 million in expenditures, the university ranks among the top third in the nation for funding in research and sponsored programs. Collaborations with the UT Health Science Center at San Antonio, the Southwest Research Institute, the Southwest Foundation for Biomedical Research and related private and public institutions enhance UTSA’s research, teaching and service missions.

Having a Tier One university in San Antonio provides benefits including increased educational opportunities; an increase in intellectual capital from top students and faculty; a highly skilled workforce, especially in scientific and technical fields; and millions of dollars added to the economy from research innovations and spinoff companies. Already, UTSA injects more than $1.2 billion into the San Antonio economy.

Increasing the level of private philanthropic support is a crucial component of building a national research university. Contributions to UTSA provide scholarships, faculty support, academic programming and a source of flexible funds.

For more information about making a gift to UTSA, contact the Office of the Vice President for University Advancement at (210) 458-4131 or visit www.utsa.edu/giving.
The University of Texas at San Antonio is dedicated to the advancement of knowledge through research and discovery, teaching and learning, community engagement and public service. As an institution of access and excellence, UTSA embraces multicultural traditions and serves as a center for intellectual and creative resources as well as a catalyst for socioeconomic development—for Texas, the nation and the world.

UTSA’S VISION
TO BE A PREMIER PUBLIC RESEARCH UNIVERSITY, PROVIDING ACCESS TO EDUCATIONAL EXCELLENCE AND PREPARING CITIZEN LEADERS FOR THE GLOBAL ENVIRONMENT.

OUR CORE VALUES
WE ENCOURAGE AN ENVIRONMENT OF DIALOGUE AND DISCOVERY, WHERE INTEGRITY, EXCELLENCE, INCLUSIVENESS, RESPECT, COLLABORATION AND INNOVATION ARE FOSTERED.
