The San Antonio Symphonic Band, under the direction of UTSA Professor Donald Miller, will perform music to celebrate the great rivers of the United States and Fiesta-San Antonio. One of the missions of this organization is to provide a concert setting for performing the works of new composers. A new composition was created just for this occasion by Daniel Thrower, trumpet section leader in The San Antonio Symphonic Band. The piece, "Tribute to Joel Robison," a Veteran of San Jacinto, will be premiered at this concert! Also on the program will be "Ol' Man River" from the 1927 musical Showboat, along with a great band classic entitled "La Fiesta Mexicana" by H. Owen Reed. Our featured soloist will be Joe "Pags" Pagliarulo of WOAI Radio, on saxophone, performing the National Anthem and "Georgia On My Mind." And of course, don’t forget Stars & Stripes Forever!

The San Antonio Symphonic Band is proud to be a member of Fiesta and is in its second year as an Official Fiesta Event.
