Welcome new SIG Leader

We are very excited to welcome the new leader of the Graduate & Professional Student Success SIG, Katy Lee Kemp! Katy presented at last fall's CRLA conference and is very excited to take the helm of the SIG starting this November!

But first, let's thank the past SIG co-chairs, who started the SIG and first brought attention to the needs of the graduate and professional students that our centers can serve— Laura Heidel and Melissa Thomas!

Katy's Biography:

Katy Lee Kemp is the director of the Center for Academic Performance at the University of North Texas Health Science Center where she works with a solely graduate and professional student population. She has been in higher education and support services for 10 years and enjoys connecting students to resources and helping them develop a plan for success. She earned a BA in English literature from UNT and a master's in higher education from UNT. She is currently working on her Ph.D. in higher education. Katy is excited about working with the Graduate and Professional Student Success SIG.
