MEMORANDUM

TO: UB and UBMS Parents & Student
FROM: Rita E. Cortez, Executive Director
RE: Final Revised Spring Calendar

Dear Parents of Upward Bound and Upward Bound Math and Science Students,

Enclosed you will find a revised final calendar for the Spring Semester.

Please note that tutoring continues on Tuesdays and Thursday until May. We may need to cancel tutoring only during TAKS testing or during final exam testing, but you will be notified ahead of time.

Also note that the mandatory summer component will began on June 9, 2008 through July 11, 2008. Your child must attend this mandatory and very important component of our programs. The Outreach Specialists will follow up with you directly regarding all the information about locations, times, and transportation arrangement for the events listed in the attached calendar.

Enclosure
