Campus Safety

Be Smart! Be Safe!

A safer college is a more enjoyable college experience!

Typically, most university and college campuses experience less crime than their surrounding communities. However, there are no guarantees in being absolutely safe. The University Police Department has a comprehensive crime prevention program that assists community members to reduce their risk of becoming a victim of crime. CRIME STATISTICS
The UTSA-PD is committed to ensuring that our faculty, staff and students have a safe and pleasant experience at any of the UTSA campuses. The Annual Security Report contains information regarding campus safety and security in order to comply with The Jeanne Clery Act. The Clery Act is a federal law that requires colleges and universities across the United States to disclose information about crime on and around their campuses. Go to www.utsa.edu/utsapd/Crime_Statistics/2010SecurityReport.pdf for our full report.

Clergy Act Summary:
- Schools must publish an annual report disclosing campus security policies and three years worth of selected crime statistics.
- Schools must make timely warnings to the campus community about crimes that pose an ongoing threat to students and employees.
- Each institution with a police or security department must have a public crime log.
- The U.S. Department of Education centrally collects and disseminates the crime statistics.
- Campus sexual assault victims are assured of certain basic rights.

ALCOHOL ON CAMPUS
- We will strictly enforce state laws on campus.
- Parents, have a conversation with your son or daughter about making responsible decisions.
- The law is: No alcohol under 21 years of age.
- UTSA Police WILL issue court appearance citations for Minor in Possession and Consumption of Alcohol by a Minor.
- The majority of violent crimes on campus are related to alcohol abuse.
- Students, avoid drinking games. Frequent binge drinking can lead to long-term alcohol problems.
- Be Rowdy! Be Responsible!

DRUGS
Illegal drugs don’t belong on campus. Students could end up in jail for making poor decisions that have future repercussions.
Prescription drug abuse IS drug abuse. And it’s illegal to take someone else’s prescription.
Drug abuse affects your school work, your friends, your family and your health.
Students WILL be suspended from school for violations.

SECURE IT. KEEP IT.
The UTSA Police Department has an anti-theft awareness campaign called “Secure It, Keep It.” The purpose of the campaign is to create awareness about the importance of securing your belongings to avoid potential theft. Studies reveal that the majority of thefts on university campuses are crimes of opportunity, which occur because belongings were left unattended in unsecured areas. By simply securing your belongings and ensuring that they are not left unattended, you can limit being victimized.
