Efforts are made to inform members of the campus community on a timely basis about campus crime and crime related issues. These efforts include the following:

#### **Annual Security Report**

By October 1 of each year, the Annual Campus Security Report must be distributed to all enrolled students and current employees. Distribution may be by direct mailing, campus mail, or electronic mail, and posting the Report on the UTSA Police Department web site at [www.utsa.edu/utsapd/securityreport.htm](http://www.utsa.edu/utsapd/securityreport.htm). ### Timely Warnings

When an offense that is subject to disclosure in the Annual Campus Security Report is reported to the Department, the Chief of Police or designee will coordinate a timely review of the circumstances surrounding the offense to determine if the incident represents a continuing threat to students and employees. If the review determines that the offense presents a continuing threat to the students and employees, then a crime bulletin will be drafted, approved, and posted on the Department's web site, in a mass notification e-mail to students, faculty and staff and/or printed and distributed throughout campus to include bulletin boards, free speech areas, office bulletin boards, etc.

**Security Considerations Used In Maintenance**

University Police Crime Prevention Specialists and University Police Officers/Security Guards regularly test the emergency telephones and submit work orders for repair; survey the campus grounds and recommend the trimming of shrubbery, trees and other vegetation to ensure that they do not impede light disbursement or interfere with walkways; and conduct periodic lighting surveys. Officers report the need for replacement of lights and any other physical hazards they notice. Periodic security assessments are conducted when a crime trend occurs or upon the physical changes of office space and equipment when requested by an administrator.

Lighting improvements are constantly being evaluated by the Office of Facilities Services and the Crime Prevention Unit. Improvements have included the placement of high intensity sodium vapor lights in buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. Outdoor courtesy telephones are located at many locations throughout the campus. All courtesy telephones are connected directly to the University Police Department.

The campus community is encouraged to report any safety concerns, exterior lighting and courtesy telephone malfunctions to The University Police Department at 210.458.4242.

**4. CAMPUS LAW ENFORCEMENT POLICY**

University safety and security is coordinated by the University Police Department (MS 1.00.02). The department has an authorized strength of 51 sworn police officers with full arrest powers and 26 non-sworn support employees (security guards). University police officers receive their police authority via Article 2.12 of the Texas Code of Criminal Procedure and Article 51.203 of the Texas Education Code. UTSA (1604 Campus, Downtown Campus and the Institute of Texan Cultures) and the contiguous areas around each UTSA Campus. University police officers must meet specific employment qualifications and training requirements in order to be licensed peace officers by the Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE). University police officers receive their commission as peace officers upon successfully graduating from The University of Texas System Basic Peace Officer Course. All sworn officers have been trained in first aid and CPR and are authorized to enforce all regulations on the university campus. University Police Officers are armed with firearms. They conduct foot, bicycle and vehicular patrols on all University property and throughout the University Housing community 24-hours a day.

The University should foster an understanding of difference and cultivate the ethical and moral issues that are the basis of a humane social order. Therefore, the University

will not tolerate physical abuse, threats of violence, physical assault, or any form of sexual assault, including but not limited to acquaintance or date rape.

**Description of Educational Programs**

There are many campus resources that can help campus community members to reduce their risk of becoming a victim of sexual assault:

**Whistle Defense Program (University Police Department)** - The University of Texas at San Antonio Police Department has available FREE key chain safety whistles for female UTSA students, faculty and staff as a new personal defense system for our Tri-Campus Community. The Whistle Defense Program is a campus safety program based on the use of whistles to alert patrol officers, students, faculty and staff that an offense or incident has occurred or is about to occur.

**Procedures to Follow**

Anyone who is a victim of any form of sexual assault should immediately call the University Police by dialing 911 on campus or by calling 210.458.4911. Reporting an assault does not mean that the victim must press charges or take the case to criminal trial or a University disciplinary hearing. Even if a victim is undecided about filing criminal charges, calling the police and going to the hospital will provide for his or her emotional and medical needs and preserve the option to file criminal charges at a later time. Victims may also report in a confidential manner to the University Counseling Services (210.458.4140) or the

Student Health Services (210.458.4142).

Investigations are conducted in accordance with guidelines established by the Texas Penal Code, Code of Criminal Procedure and the Bexar County District Attorney's Office.

Most university police officers have attended the Sexual Assault Family Violence Investigators Course (SAFVIC). This course is designed to provide law enforcement officers with the tools they need to effectively investigate and prevent sexual assault and family violence. The curriculum covers crucial aspects for law enforcement's response to these crimes, as well as the creation and use of community-based resources to assist law enforcement's efforts.

All information and reports of sexual assault are kept strictly confidential. In accordance with the Texas Code of Criminal Procedures Art. 57, victims may use a pseudonym to protect their identity. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the sexual assault. The victims of sexual assault are not required to file criminal charges or seek judicial actions through the university disciplinary process. However, victims are encouraged to report the assault in order to provide the victim with physical and emotional assistance.
