Miscellaneous Tips/Techniques

On occasion clear the local Cache/History, this helps PeopleSoft bring up the most current data.
The following pages assist with each browser.
Clear Cache / History - FireFox

Navigate to:
-> Open Menu
-> History
-> Clear Recent History
-> Check boxes (☐)
-> Clear Now
-> Restart Browser
Clear Cache / History - IE

Navigate to:
->Tools
->Safety or Internet Options
->Delete Browsing History
->Check boxes (→)
->Delete
->Restart Browser
Clear Cache / History - Chrome

Navigate to:
->Tools
->History
->History
->Clear Browsing History
->Check Boxed (->)
->Clear Browsing History
->Restart Browser
Clear Cache / History - Safari

Navigate to:

- >Safari (top left)
- >Preferences
- >Privacy Tab
- >Remove All Website data
- >Remove Now
- >Restart Browser
