Which Opportunities will you Seize?
Intern at NASA

Ricco Aceves, a mechanical engineering major, is one of 150 students from 70 universities who’ve been accepted into the prestigious NASA Pathways Intern Employment Program. The internship gives undergraduates the opportunity to explore federal careers while still in school with the possibility of being hired upon graduation.

“I feel as though I belong here and UTSA is a home away from home.”

- Ricco Aceves
Start a Women's Lacrosse Team

Multidisciplinary studies major Shanice Mzava never played on a lacrosse team before she set foot on UTSA’s campus, but she’ll be leaving as the founding member of the first-ever UTSA women’s lacrosse team. After helping the men’s lacrosse team for several years, Shanice saw the lack of a women’s team and took her leadership skills to the next level, giving the rest of the university a new tradition. As a multidisciplinary studies major, she’s earning a degree that focuses on not one, or even two disciplines. Her degree combines public health, business and sociology, giving her the well-rounded education she was looking for when she chose UTSA as her university.

“...I would have been one of the crowd at another university but here, I’ve been given the chance to shine and excel.”

- SHANICE MZAVA
NEW STUDENT ORIENTATION

The first step in being a Roadrunner is setting foot on campus. During the summer, stay overnight in a residence hall, learn about the academic process, get your UTSA ID card, meet with your advisor, sign up for classes and meet other students.

ROADRUNNER DAYS

The moment you move on campus starts two weeks of festivities designed to introduce you to the UTSA community, and help you make connections with other students. Don’t expect to do laundry this week—you’ll be coming home with tons of orange and blue shirts from the various events you’ll attend on campus.

PEER MENTORS

To ease the transition to university life, you will be paired with an experienced UTSA student as a mentor. He or she will provide support and guidance on everything from choosing a major to getting involved on both Main and Downtown campuses.

FRESHMEN TRADITIONS

Kick off your school pride by experiencing “Rowdy Rush,” a new tradition where the freshmen class rush onto the football field to form a tunnel with the band, and welcome the UTSA football team onto the field in the Alamodome. Go Runners!
With the encouragement and influence of his professors, public administration major Drew Galloway started a project that focuses on civic engagement, deliberative democracy, and consensus building. His project, named Civic Court Project, was recognized as a 2014 Clinton Global Initiative University Commitment to Action. Drew will spend his last semester at UTSA studying, interning and living in Washington, D.C. as one of only 40 undergraduates across the University of Texas System to be selected for a Bill Archer Fellowship.
“My mind is Open to a whole new perspective towards being globalized.”

- Samanta Cardona

Understand a Global View of Business

Double major in management and marketing, Samanta Cardona took part in one of the College of Business’ 10-day intensive immersion programs abroad, designed to teach students the importance of thinking globally as business professionals. On the trip, Samantha developed interpersonal relationships with Indian professors, students and successful executives from worldwide companies such as Tata and Honeywell. Other trips through the college include Finland, Russia, Korea, Taiwan and India.
SPRIT OF SAN ANTONIO

“Being part of the inaugural UTSA marching band, and taking the field for the very first UTSA football game was an amazing experience. I was making school history.”

PERFORMING IN FRANCE

“It was such an honor to be chosen to be part of the 70th anniversary of D-Day in France. We are only in our fourth year of the program. It was an honor to perform for these veterans on such a special day in history.”

GREEK LIFE

“I’ve met all of my best friends through the organizations I am involved in. To me, you can’t get the entire college experience without being a part of something you love. With more than 300 organizations on campus, there’s something for everyone.”

HARLEM SHAKE

“Of course, I wasn’t going to miss out on something so huge, especially not when the president of the university was doing the Harlem Shake. It’s so cool how something so random brought everyone together for 10 minutes.”

MEET JOHN WYNKOOP

Turn Opportunities into Experiences
“When I compared the cybersecurity program at UTSA to the one at Stanford, they were almost identical. That impressed me.”

- ERIC FICKE

Top Scholar and computer science major Eric Ficke was so impressed by the cybersecurity program at UTSA (recently named best in the country), that he selected the college over both Stanford and Johns Hopkins. That decision has provided him with the opportunity to be the first freshman to intern at the UTSA Center for Infrastructure Assurance and Security (CIAS), where he is currently assisting with the development of the curriculum for a CIAS course that will teach professionals how to protect their systems from hacking.
Prepare to be a Physician

Bulgarian-born Pavi Bambekova was one of 20 incoming freshmen accepted into FAME (Facilitated Acceptance to Medical Education), a seven-year BS/MD program with the UT Health Science Center San Antonio. In addition, Pavi has been extremely active outside of the FAME program, involving herself in UTSA Ambassadors and The Paisano, an independent student-run newspaper for UTSA. She is also active Bulgarian folk dancer, peer mentor for incoming students and founder of a HOSA chapter for future health professionals at UTSA.

“I think of my involvement in extracurriculars as a place where I can enjoy myself and do what I love doing the most: being different.”

- PAVI BAMBEKOA
Solve Water Issues for a Village in Peru

UTSA Engineers without Borders consists of students from multiple disciplines (engineering, finance and geology). For the past few years, students have traveled to the earthquake-stricken region of Viña Vieja, Peru where they have an ongoing project to provide medical support and solve problems in obtaining safe water to use.

“...you don't realize that people really need access to safe, reliable water.”

---

Diego Gonzalez
Participate in a Technology Venture Competition

Member of the “Top 100 Business Students,” Trent Berryman has enjoyed a successful career at UTSA that has allowed him to flex his competitive muscles both in the classroom and on the Quidditch field. With a double major in finance and entrepreneurship, this College of Business student immersed himself in student organizations and has taken advantage of some of UTSA’s unique academic opportunities to blaze his own trail.

“UTSA’s $100K Student Technology Venture Competition was an unbelievable learning experience.”

- TRENT BERRYMAN
WE ARE ROWDY
utsa.edu/campuslife
Be part of one of UTSA’s more than 300 student organizations, join an intramurals team at Campus Rec or catch the latest blockbuster at the University Center. There is no shortage of things to do on campus.

WE ARE GROWING
utsa.edu/excellence
UTSA has been recognized by Times Higher Education as one of the top 100 universities under 50 years old. The campus is constantly growing, and students are creating new traditions. When you visit campus, check out our 1,000-pound iron roadrunner statue, a symbol of pride for the UTSA community.

WE ARE TOP-TIER
utsa.edu/tierone
UTSA’s vision is to be a national premier Tier One research university and we’re well on our way. UTSA is becoming a Tier One research university. We specialize in health, cybersecurity, energy, sustainability, and human and social development.

WE ARE SUPPORTIVE
utsa.edu/trcss
Your success is our success. Not only do you have mentors and advisors to guide you, the Tomás Rivera Center provides academic support for students by providing study skills, workshops and tutoring at no cost. Supplemental Instruction provides support in historically difficult courses, guided by students who have successfully completed the class.
UTSA’s Student Government Association President (2013-2014) and finance major Zack Dunn has been extremely involved in creating new traditions on campus, including a midnight lighting ceremony at UTSA’s front entrance and bringing to campus a 1,000-pound iron roadrunner statue. In addition, Zack plays an active role in the UTSA Investment Society and was crowned Mr. UTSA in 2013.

“...I get to play a part in making traditions that future Roadrunners will get to enjoy. That’s incredible!”

- ZACK DUNN
Mentor and Lead Students

Jantel Fontenot, a communication major, found every opportunity to become a leader and mentor to her fellow students. From serving as a freshman orientation leader to working as a library peer mentor, volunteering with VOICES, and starting her own mentorship program, she is committed to helping her peers find their paths to success at UTSA.

“UTSA’s growth offers a unique opportunity to build and leave your legacy.”

- JANTEL FONTENOT
“It would be highly unlikely to have the responsibility of being a project lead as a sophomore at any other university.”

- AYSSA SCHAEFBAUER

Develop a Football Kicking Simulator

During her sophomore year, Alyssa Schaefbauer joined a team tasked with designing a football kicking simulator as part of her bioengineering computation and controls lab. The experience provided Alyssa with valuable experience in taking an idea from inception to completion and was the catalyst for her decision to further her education in the bioengineering field.
San Antonio
THE 7TH LARGEST CITY IN THE NATION

ARTS & CULTURE
Start your San Antonio cultural exploration with a stroll along the River Walk. Restaurants, shops, and entertainment follow the winding route of the river, and some of the city’s top attractions can be accessed from it including the Alamo, the oldest sections of the city and a Market Square that encompasses a taste of Mexican culture. You’ll also find outdoor sculptures and artwork, art galleries, more than 25 museums, 40 performing arts stages and many cultural arts festivals. Together, these artistic attractions make San Antonio one of the top 25 cities for art in the United States.

ATTRACTIONS
San Antonio is not short of any Texas-sized adventure! SeaWorld San Antonio and Six Flags Fiesta Texas combine exhilarating rides with award-winning shows. More into outdoor recreation? You’ll find plenty of opportunities for bicycle riding, hiking and canoeing. There are several parks and natural areas to enjoy as well as wilderness trails that crisscross the city.

SPORTS & ENTERTAINMENT
Not only is San Antonio home to the UTSA Roadrunners, the city is home to five-time NBA world champions, the San Antonio Spurs. The AT&T Center, Alamodome and the new Tobin Center for the Performing Arts host numerous concerts and events.

UTSA Campus
A CLOSE-KNIT COMMUNITY

MAIN CAMPUS
The Main Campus is the hub of UTSA, where Roadrunners discover an exciting community with bustling activity occurring almost 24/7. At the foot of the Texas Hill Country but within walking distance of La Cantera’s beautiful mall and Six Flags Fiesta Texas, the Main Campus combines a scenic landscape with the conveniences of a major city. With five on-campus residence communities, the Main Campus is where 4,263 Roadrunners live, eat and sleep each school year. Another 5,000 students live within walking distance of campus.

DOWNTOWN CAMPUS
The modern architecture of the Downtown Campus is a sight to admire as you drive through the heart of San Antonio’s vibrant social and cultural scenes. Over 5,000 students choose to take classes at the Downtown Campus where they can complete all of their core classes or enroll in one of 18 undergraduate and eight graduate degree programs, which can be completed in their entirety.

HEMISFAIR PARK CAMPUS
The HemisFair Park Campus is home to the UTSA Institute of Texan Cultures (ITC). Located a short walk from the Alamo and the River Walk, the 182,000-square-foot museum hosts exhibits and live performances and is a wonderful place to learn about the cultural history and traditions of the Lone Star State. As a Smithsonian Affiliate, the ITC benefits from artifacts and educational programs shared by an exclusive group of member museums.
Represent UTSA on the Field

Conference USA Scholar-Athlete of the Year and Academic All-American Nate Leonard has successfully balanced his outstanding performance on the football field with an equally impressive performance in the classroom. Not only is he the only player to start in every game in UTSA football program history, he has maintained a near-perfect GPA of 3.99 in physical education, thanks in part to the academic support provided by UTSA.

“\textbf{If I had to do it over again I wouldn't do anything differently. My experience at UTSA has exceeded my expectations.}”

-NATE LEONARD

---

**UTSA offers a diversified education that provides many paths to success. We keep up with what the job market seeks, and prepare you for the growing knowledge-based economy. Find an area of study that lines up with your passion and we'll provide the tools you need to succeed.**

**A more informed decision**

[utsystem.edu/seekut](http://utsystem.edu/seekut)

UT System has created a tool to give you a peek on what past graduates are earning in the workforce and what loans they are paying back, all in order to help make the decision about your education the right one for you and your family. Use the tool to see how your financial investment ties into your financial return and what you can expect to receive from a degree. This tool is a collaboration between UT System and Texas Workforce Commission. Whatever the path, use this information to help you make decisions along the way to acquiring a quality education.

**Academic advising**

[utsa.edu/advise](http://utsa.edu/advise)

UTSA views academic advising as a vehicle that will guide students in the right direction towards their degree goals. Students are encouraged to seek academic advising throughout their college career to ensure that they complete degree requirements in an appropriate and timely manner. The partnership established with an academic advisor will assist students in learning about their course options, degree requirements, academic policies and procedures, and appropriate university resources.
UTSA's 130+ degree programs reside in one of nine colleges

Architecture, Construction and Planning
- utsa.edu/architecture
Located at the Downtown Campus, UTSA houses the second-largest architectural college in Texas. Students engage with industry professionals, conduct research and implement projects that benefit the local community.

Business
- utsa.edu/business
UTSA offers the largest undergraduate business school in the UT System and is one of the top 40 largest in the nation. The college has earned national and international accreditation and is nationally ranked by Princeton Review, Businessweek and HispanicBusiness. UTSA is one of only 66 universities in the nation designated a National Center of Excellence in Information Assurance by the NSA.

Education and Human Development
- utsa.edu/education
UTSA graduates the most educators in Texas. The student health labs’ state-of-the-art equipment allows students and faculty to research diabetes, osteoporosis and other diseases.

Engineering
- utsa.edu/engineering
With nationally-ranked departments and programs, UTSA is home to the fastest-growing engineering college in Texas. The goal is to design and develop the technology of tomorrow in through advance laboratories and classrooms.

Liberal and Fine Arts
- utsa.edu/arts
UTSA’s largest and most academically diverse college on campus is a major provider of arts and humanities programming in South Texas. The exceptional faculty boasts national and international awards.

Public Policy
- utsa.edu/publicpolicy
Taking advantage of its Downtown Campus location, the College of Public Policy offers two programs for undergraduates in criminal justice and public administration. The college’s Center for Policy Studies is among the top five certifying institutions in the U.S. for American Humanisms programs.

Sciences
- utsa.edu/sciences
College of Sciences grants the nation’s highest number of bachelor’s degrees to Hispanic students in the biological sciences, and the sixth-highest in mathematics. The college’s facilities include three buildings and more than 70 instructional and research laboratories.

Honors College
- utsa.edu/honors
UTSA’s Honors College is competitive, but open to all majors and offers priority registration with an emphasis in study abroad, internships and undergraduate research. More than 50 percent of Honors College graduates have been accepted into graduate schools.

University College
- utsa.edu/university
All freshmen, freshmen transfers, transfer students, undeclared students and some pre-majors will start at University College before joining their intended college. It’s also home to students pursuing a B.A. in multidisciplinary studies, a degree plan designed to allow students to customize their classes to suit their unique career goals.

More Academic Opportunities

Want to go to medical or dental school?
- utsa.edu/ppo
The University Health Professions Office provides advising and support to students interested in pursuing careers in various health professions. First-time freshmen can apply to the Facilitated Acceptance to Medical Education (FAIME) program, a seven-year dual degree B.S./M.D. program with the University of Texas Health Science Center San Antonio School of Medicine or apply to the Dental Early Acceptance Program (DEAP), a seven-year dual degree B.S./D.D.S. program with the University of Texas Health Science Center San Antonio Dental School.

Want to go into law?
- utsa.edu/la
The Institute for Law and Public Affairs supports UTSA students interested in pursuing careers in law through advising, internships, special events, the legal studies minor, and its hallmark Summer Law School Preparation Academy. The Summer Law School Preparation Academy offers an enhanced pre-law curriculum, supplemented by guest speakers and practical experiences, and is designed to give students the skills needed to gain admission to and excel in law schools.

Want to create a new product and take it to market?
- utsa.edu/cite
Undergraduate students from business, engineering and science disciplines have the unique opportunity to take part in the annual $100K Student Technology Venture Competition, where students have access to mentors and viable product ideas that can be brought to market through UTSA’s incubator program. The winning team has access to a prize pool of more than $100,000 in funding and services to launch their new company. Since 2007, 85 company ideas have been formed, 12 patent applications have been filed and more than 500 students have participated.

Want to create your own major?
- utsa.edu/ms
The Multidisciplinary Studies degree (B.A.) allows students the flexibility to design a degree program that relates to personal academic and career goals. This degree program is meant to encourage and support creativity, innovation, critical thinking and integrative learning. Because the program involves coursework from departments across the university, it offers students opportunities to capitalize on diverse personal interests and talents through a combination of study and academic experiences appropriate to meet educational and long-term career goals.

Want to experience 'graduate-level' research?
- utsa.edu/UGresearch
Undergraduate students have the opportunity to work side by side with faculty researchers across all disciplines. Opportunities range from entry-level, internship-type programs for students interested in understanding the research process to more comprehensive research experiences for students looking to move on to graduate school or advance their career options.

Want to study abroad?
- utsa.edu/abroad
Spend a semester overseas to infuse your education with a global perspective. Working with your academic advisors and UTSA’s Education Abroad Services, the chance to experience life in another part of the world can be a reality, whether it’s through a faculty-led program or through one of many exchange agreements.

*Note: Even if no minimum test scores are stated, SAT and ACT scores must be submitted from the testing agency. Students who are admitted to the university are not guaranteed admission to a specific academic program.

Are you home schooled or receiving a GED? Your application will go directly into committee review. There are no minimum SAT/ACT scores, but scores must be submitted from the testing agency.

Are you a freshman-transfer? If you are an incoming freshman with less than 29 transferable college hours, you must meet the same Guaranteed Admission requirements and have at least a cumulative 2.25 GPA on a 4.0 scale in all transferable coursework. Please make sure your SAT/ACT scores are submitted from the testing agency.

Are you a transfer? Transfer students must have 30 or more credit hours completed at the time of their application and have at least a cumulative 2.25 GPA on a 4.0 scale in all transferable college coursework. Coursework in progress and dual credit hours are not considered in this calculation. A student currently on suspension at a previous institution will not be considered for admission.

Are you an international student? Admission requirements are the same for international students. TOEFL or IELTS scores must be submitted directly from the testing agency in order to determine if additional English language training is required. In order to be exempt, you must score:

- TOEFL Internet-Based Test (IBT) 79 or greater
- TOEFL Paper-Based Test (PBT) 550 or greater
- IELTS Score 6.5 or greater

Interested in applying for Honors College? Admission to the Honors College is competitive and based on a holistic review. In addition to applying to UTSA, students must complete an Honors application (available at utsa.edu/honors), submit a 400-500 word essay, two letters of recommendations, and an additional HS or college transcript submitted directly to the Honors College. To qualify, incoming freshmen must be in the top 10% of their graduating class or have a minimum 1200 SAT (M+CR) or 27 ACT score. Transfer students must be in the top 10% of their graduating class or have a minimum 1200 SAT (M+CR) or 27 ACT score. Transfer students must have at least a cumulative 2.25 GPA on a 4.0 scale in all transferable college coursework.

How to Apply

Incoming Freshmen

- Apply online at ApplyTexas.org
- Pay a $60 application processing fee
- Submit official high school transcript
- Submit test scores from the testing agency:
  - ACT Code: 4239  SAT Code: 6919
  - If you are to be considered for admission through committee review, submission of an essay and letters of recommendations are highly suggested.
  - If you received dual college credits, submit official college transcripts (not required for decision).
  - If graduating early from high school, submit a recommendation letter from your high school counselor.
  - If you are an international student, send your TOEFL or IELTS scores directly from the testing agency.

Freshmen-Transfer

- Apply online at ApplyTexas.org
- Pay a $60 application processing fee
- Submit official high school transcript
- Submit test scores from the testing agency:
  - ACT Code: 4239  SAT Code: 6919
- Submit all official college transcripts from every institution attended
  - If you are an international student, send your TOEFL or IELTS scores directly from the testing agency and submit a foreign credential evaluation for any foreign college or university transcripts. We recommend Foreign Credential Services of America (foreigncredentials.org)

Transfers

- Apply online at ApplyTexas.org
- Pay a $60 application processing fee
- Submit all official college transcripts from every institution attended
  - If you are an international student, send your TOEFL or IELTS scores directly from the testing agency and submit a foreign credential evaluation for any foreign college or university transcripts. We recommend Foreign Credential Services of America (foreigncredentials.org)

Admission Deadlines

- **Fall Semester**
  - March 1 Priority
  - May 1 Final (freshman)*
  - June 1 Final (transfer & international)*

  *Fall 2015 applicants, final deadlines for freshmen are June 1 and July 5 for transfers.

- **Spring Semester**
  - October 15 Priority
  - November 1 Final (international)
  - November 15 Final (freshman & transfer)

- **Summer Semester**
  - March 1 Priority
  - April 1 Final (international)
  - May 1 Final (freshman & transfer)

...
**Estimated Costs**

*utsa.edu/costs*

UTSA is one of the most affordable Texas public universities in a major metropolitan area. For a student who is a Texas resident, attending full time and living on campus, the estimated annual (Fall/Spring) cost of attendance is $22,708. For non-Texas residents, just the tuition and fees are $20,079. All other costs remain the same.

**Direct Cost**

- Tuition & fees (in state): $9,361
- Books/supplies: $1,000
- Room & board: $9,841

**Indirect Cost**

- Transportation: $670
- Personal expenses: $1,836

**Financial Aid**

*utsa.edu/finaid*

UTSA students are eligible to receive financial aid including scholarships, grants, loans and work-study jobs. Freshmen are awarded in early March and Freshmen-Transfer and Transfers are awarded in early May. Students must be admitted to receive a financial aid award. To receive financial aid, you must complete the online Free Application for Federal Student Aid (FAFSA) for the applicable aid year and submit every subsequent year as needed. UTSA’s federal school code is 010115. The priority deadline to submit your FAFSA for the fall semester is March 15.

**General Scholarships**

*utsa.edu/scholarships*

The General Scholarship Application is only for scholarships awarded through the Financial Aid Office and is available through ApplyTexas. Scholarship options and criteria can also be found online, as well as additional departmental scholarships.

**Financial Deadlines**

**Scholarships**

- December 1: General Scholarship (freshman)
- December 1: UTSA Top Scholar Program (freshman)
- January 1: Terry Scholar (freshman)
- February 15: General Scholarship (transfer)
- February 15: Honors College (freshman)
- February 15: Distinguished Presidential (freshman)
- March 15: Honors College (transfer)
- April 1: Terry Scholar (transfer)
- May 1: Distinguished Transfer (fall)
- November 1: Distinguished Transfer (spring)

**UTSA Top Scholar Program**

*utsa.edu/tops

UTSA Top Scholars receive a four-year (eight regular semesters) scholarship that includes funding for tuition, fees, and room and board. The Top Scholar Program is the first of its kind at UTSA that combines a merit-based scholarship with personalized signature experiences in academics, leadership and community outreach. To qualify, first-time freshmen must:

- Be in the top 5% of their graduating class
- Have a 1400 SAT or 32 ACT score
- Be a Texas Resident

**Honors College**

*utsa.edu/honors*

Admission to the Honors College is competitive, but is open to all majors and offers priority registration. The college awards approximately $300,000 in scholarships annually. In order to be considered in the Honors College Dean’s Scholarship competition, freshmen must be accepted into UTSA’s Honors College by February 15 (freshmen and freshmen-transfers) or March 15 (transfers) and enter UTSA in the fall of the same year. To qualify for the scholarship, first-time freshmen and freshmen-transfers must be in the top 20% of their graduating class or have a minimum 1200 SAT (M+CR) or 27 ACT score. Transfers must have a 3.5 GPA or better.

**Terry Scholars**

*utsa.edu/terrys

Terry Scholars are awarded to students who graduate from a Texas high school or transfer from a Texas college. Students must demonstrate leadership and service, have strong academic abilities, have financial need and be citizens or permanent U.S. residents. Awards average $64,000 over a four-year period.

**Distinguished Presidential Scholarship**

*utsa.edu/dps*

Automatic consideration will be given to fall applicants admitted to UTSA by February 15, who meet the requirements stated below. For students who do not have a documented class rank, requirements are based on SAT/ACT scores. Students qualifying for the UT-Austin Coordinated Admission Program (CAP) are not eligible for this scholarship. The number of scholarships awarded are based on fund availability.

**Distinguished Transfer Scholarship**

*utsa.edu/dps*

Automatic consideration will be given to fall and spring applicants admitted to UTSA by May 1 (fall semester) or November 1 (spring semester) who meet the requirements stated below. Award amount is $6,000 ($3,000/year) and is based on fund availability. To be eligible, a transfer student must:

- Transfer 24-66 semester credits of academic coursework from a 2 or 4 year institution (dual credit and work in progress not included)
- Have a cumulative 3.75 GPA (4.0 Scale)
Benefits of Living On Campus

Studies show UTSA students who reside on campus report a higher degree of satisfaction with their college experience, have higher retention and graduation rates, and are more likely to achieve a higher grade point average.

Build Relationships

On-campus housing offers an environment where lifetime friendships are formed, ideas and ideals may be exchanged, and opportunities for leadership and networking await those willing to explore and get involved.

Convenience

Living on campus is convenient. Residents are within walking distance of the library, classroom buildings, the University Center, dining options and the Recreation Center. Live on campus and avoid morning traffic and be able to participate in late-night study groups at the library without the concern of the drive home.

Simplicity

For residents living in Alvarez Hall, Chaparral Village and Laurel Village, all residential facilities are furnished and provide ample space for effective studying, sleeping, socializing and storage. No need to worry about separate bills either. We offer simple, inclusive billing for all utilities and services through your ASAP account. We also accept UTSA financial aid.

Special Interest Housing

The Special Interest Housing (SIH) program allows students with common interests to live together in a supportive environment. The SIH experience serves as a significant educational enhancement for residents. SIH’s aim is to educate members on their special interests and provide a welcoming environment in which to discuss issues. These communities are located in Alvarez Hall and Laurel Village and include Honors, Engineering, Leadership and Service, and Music.

Residence Hall Association

The Residence Hall Association (RHA) is a student organization with the purpose to build a strong sense of community and empower residents through service, educational, social, leadership and personal development opportunities. RHA also acts as an agency for resident advocacy with the intent to revisit housing policies and address the issues and concerns of the residential community to improve the living/learning environment.

Students Taking an Active Role Series

Students Taking an Active Role Series (STAARS) is a Residential Curriculum designed to develop and empower the residents of Chaparral Village, Laurel Village, and Alvarez Hall through the enhancement of skills and experiences that will impact personal and professional success.

On-Campus Dining

No matter where you go on our Main or Downtown campuses, dining options are plentiful to satisfy any taste buds. On-campus dining includes:

- Roadrunner Cafe
- Chili’s Too
- Panda Express
- Subway
- Sushic Sushi
- Extreme Pita
- Smoothie King
- Mooyah Burgers, Fries & Shakes
- Starbucks Coffee
- Chick-fil-A
- Papa John’s Pizza
- Einstein Bros. Bagels

Chaparral & Laurel Village

Chaparral Village and Laurel Village offer apartment-style living in either a two or four private bedroom unit with a living room and kitchenette (microwave, sink and full-size refrigerator). Live independently within a supportive, academically-oriented environment. Select amenities include:

- Private bedrooms and fully furnished
- Utilities included (electricity, internet and extended basic cable)
- Resort-style pool and hot tub at Chaparral Village
- Year-round lease option available at Laurel Village
- Basketball courts
- Neighborhood and City centers (9) with TVs, full kitchens, computer labs, and laundry facilities
- 24-hour emergency maintenance available

Chisholm Hall

Chisholm Hall is located on-campus and is owned and operated by a private company, Campus Living Villages. This traditional residence hall houses 509 students and is immediately adjacent to the Roadrunner Cafe. Students may choose a double-occupancy room or private room. Residents are not required to purchase meal plans. Select amenities include:

- Private bathroom
- Activity center with theater, game room and indoor pool
- Extended basic cable, Internet and utilities included
- Building-wide Wi-Fi Internet available
- Study lounges and community kitchen

University Oaks

University Oaks is on campus and is owned and operated by a private company, Campus Living Villages. This apartment housing accommodates 1,456 students. Students choose from six floor plans for one-bedroom, two-bedroom or four-bedroom units. Each unit has a full kitchen. Residents are not required to purchase meal plans. Select amenities include:

- Club house with wireless Internet
- Sand volleyball, BBQ grills, basketball court and three swimming pools
- Extended basic cable and Internet included

Alvarez Hall

Alvarez Hall is the newest addition at UTSA, housing 618 students. Single bedrooms with shared bathrooms offer privacy and convenience while a variety of common spaces provide space for you to study and relax. Alvarez Hall provides a strong residential community that can foster lifelong friendships. Select amenities include:

- Private and fully furnished bedrooms
- Utilities included (electricity, internet & extended basic cable)
- Learning communities
- Free laundry facilities on each floor
- TV and study lounges on each floor
- 24-hour emergency maintenance available
WELCOME CENTERS

The best way to learn what UTSA has to offer is to experience it for yourself. Both our Downtown and Main Campuses have a Welcome Center. Walking tours are available at both locations Monday through Friday. Select Saturday tours are available on our Main Campus during the fall and spring semesters. You can register online at utsa.edu/welcome or contact one of our Welcome Centers to reserve a spot and ensure that your preferred tour time is available.

Main Campus
PHONE: 210-458-5145
E-MAIL: welcomecenter@utsa.edu
LOCATION: Bauerle Road Garage, Room 0.316
ADDRESS: One UTSA Circle
San Antonio, TX 78249

Downtown Campus
