## **FACULTY WORKLOAD REQUIREMENTS FOR ACADEMIC INSTITUTIONS**

For Fiscal Year Ending August 31, 2023

### **FACULTY WORKLOAD REQUIREMENTS FOR ACADEMIC INSTITUTIONS**

The general workload policy for faculty employed at U. T. System academic institutions is set forth in Regents' Rule 31006. Through established shared governance processes, each academic institution has been authorized by the U. T. System Board of Regents to establish a faculty workload policy that adheres to the provisions and reporting requirements of Rule 31006. As required by *Texas Education Code* Section 51.402 and Rule 31006, each academic institution has included their faculty workload policy in this operating budget.

The University of Texas at San Antonio  
Faculty Workload Policy

The Intent of the faculty workload policy is to set forth equitable and fair guidelines that permit each department chair, under the supervision of the dean and oversight of the Provost, to best deploy departmental faculty to foster student success and advance UTSA's academic mission and excellence, in compliance with Regents' Rule 31006. Each tenured, tenure-track, and non-tenure track faculty member employed by UTSA shall be assigned a faculty workload, which is constituted by the faculty member's classroom teaching, basic, applied and translational research, service, and professional development weighted duties and responsibilities.

**General Provisions for Faculty Workload:**

1. Departmental Faculty Workload guidelines are supplemental to and in alignment with the college and university Faculty Workload policies by which departmental faculty are deployed to foster student success and advance the institution's excellence. The Faculty Workload policy includes the following elements:
  - a. Outline of available teaching load options, expressed in the number of courses taught in the two long semesters of the 9-month academic year.
  - b. Specific criteria by which faculty qualify for each available teaching load option, including research, service and professional development commitments.
  - c. A required annual Faculty Workload assignment for each faculty member.
2. The Faculty Workload is:
  - a. Differential to circumstances such as graduate instruction, research activities, effort supported by external grants or contracts, commercialization and/or innovation activities, administrative assignments, large class sizes, team-taught courses, experiential and/or engaged learning activities, significant advising responsibilities, or other activities aligned with the institution's mission and excellence and/or critical to student success;
  - b. Based on the expectations of tenured and tenure-track faculty who have active and productive research/scholarly/creative programs, and tenured faculty who are less active in research/scholarly/ creative work, and non-tenure track faculty.

3. In concordance with Regent's rule 31006, Sections 4.3 and 4.4, differential workload assignment shall:
  - a. Take into account discipline-specific best practices and are equitable among all faculty of differing rank, disciplinary area, gender, race, etc.,
  - b. Allow variance over the course of a faculty member's career, and
  - c. Be flexible to the extent possible to that assignment of differential teaching loads allows faculty members to pursue opportunities that enhance the excellence and reputation of the institution, add value to the department, and allow for professional growth and innovation in the areas of teaching, research, and service.
