Special College Admission Requirements:
Admission to the Bachelor of Business Administration (B.B.A.) majors in the College of Business is competitive and based upon academic performance. Students must be TSI complete to qualify as a pre-business student. Qualified pre-business students must complete a series of courses before they can be evaluated for admittance to the College of Business and officially declare a business major. The newly admitted class is decided by the College each semester and is determined by the available enrollment capacity and grades of the application pool. Therefore, **admission to the UTSA College of Business is not guaranteed**.

To be considered for admission to the College of Business a pre-business student must complete 7 required courses (21 credit hours) of which 5 are business courses **with a minimum of C- or better**. In the semester that a pre-business student completes the five required business courses (15 hours) at UTSA, he/she will be evaluated for admission to the College of Business. This is known as the *15-hour rule* which requires that by the time students complete their 15th business hour, they must have taken the required two nonbusiness courses and the required five business courses from List 1. If any of the required business courses have been completed prior to entering UTSA, students must take additional business courses at UTSA from List 2 in order to meet the 15-hour rule. Students who earn 15 business hours without completing List 1 forfeit their chance to be evaluated for admission to the College of Business and they must choose another major outside of business. See the undergraduate catalog for detailed information on 1) qualifying as a pre-business student, 2) admission requirements to a major in the College of Business, and 3) to view List 1 and List 2 courses for admission to a major in the College of Business.

Things to do and remember upon Admission to UTSA:
