# SECTION I: GENERAL PROVISIONS

## 1. General

Pursuant to the authority granted by Sections 51.201 et seq., 54.005, 54.505, 65.31, and 71.04 of Title 3 of the Texas Education Code, and Rules and Regulations of the Board of Regents of The University of Texas System, these *Parking and Traffic Rules and Regulations* are promulgated to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of parking permits, and to provide for jurisdiction over offenses. These regulations and procedures apply to any person who walks, drives, or parks a vehicle on university property. These rules and regulations are supplementary to applicable ordinances of the City of San Antonio and the statutes of the State of Texas that govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on university property is a **PRIVILEGE** granted by the university and is not an inherent right of any faculty/staff member, student, or visitor. All faculty, staff, students, and visitors who park on university property must have a university parking permit or park in a short-term paid parking space. A parking permit signifies that an individual has been granted the privilege of parking a vehicle on university property and does not guarantee a parking place on campus.

The university assumes no liability or responsibility for damage to or theft of any vehicle parked or driven on campus. The university assumes no responsibility or any duty to protect any vehicle or its contents at any time the vehicle is operated or parked on the campus. No bailment is created by granting any parking or operating privileges regarding a vehicle on any property owned, leased, or otherwise controlled by the university.

These regulations are in effect at all times on university property.

## 2. Administration and Enforcement of these Regulations

### A. The University Standing Committee on Parking and Traffic

The University Standing Committee on Parking and Traffic is composed of twelve voting members consisting of a minimum of four faculty, four staff members, and four UTSA students. One representative each from People Excellence, Facilities, Alumni, and the University Police Department serve ex officio. Appointment of the Committee members will be consistent with current university policy. Faculty/staff members shall serve two-year terms and student members will serve one-year terms. The charge is to review operational guidelines and to make recommendations to the Executive Vice President for Business Affairs for the development of and revisions to these regulations as are necessary to ensure an efficient parking and traffic system.

### B. University Parking Appeals Panel

The University Parking Appeals Panel is composed of faculty, staff, and students. The appeals panel's charge is to review appeals and render a decision. The panel may uphold

the citation or reduce the citation to a warning. A majority decision is required for final disposition by, at a minimum, one faculty, one staff, and one student panelist.

**C. Campus Services**

The Parking Division of Campus Services is authorized to enforce these regulations and is responsible for the administrative functions relating to parking permits; establishing procedures and requirements for the issuance of parking permits; the collection of enforcement fees for parking and traffic violations; establishing requirements for the submission of appeals; the processing of appeals from parking and traffic citations; and for management of parking lots and garages. Campus Services supervises Parking Assistants who issue parking citations.

**D. The University of Texas at San Antonio Police Department (UTSAPD)**

UTSAPD is authorized to enforce these regulations at any time or under any circumstances deemed necessary by UTSAPD. UTSAPD officers may issue university citations or court appearance citations enforceable in municipal court.

**3. Authority**

Campus Services and UTSAPD are authorized to enforce these regulations:

- A. Through the issuance of university citations and collection of enforcement fees, including the periodic billing of unpaid citations and the referral of individual cases pertaining to unpaid campus citations to a national collection agency;
- B. Through the impoundment of vehicles interfering with the movement of vehicular, bicycle, or pedestrian traffic, blocking a sidewalk or space for those with disabilities, loading dock, ramp, cross-walk, entrance, exit, fire lane, or aisle;
- C. Through the impoundment or booting of vehicles for unpaid enforcement fees or display of a lost, altered, fraudulent, fictitious or stolen parking permit after proper notice (issuance of previous citations, vehicle notification, holds on records, and/or citation invoice);
- D. By the suspension, revocation, or denial of campus driving privileges, parking permit, and garage access privileges to those with overdue charges or who have violated these regulations;
- E. By requiring either the vehicle owner or operator or the person who purchased the permit to appear in court for certain moving violations or at a university hearing for non-payment of outstanding charges or other violations of these regulations;
- F. By barring re-admission and by withholding grades, degree, refunds, and official transcript of any student for non-payment of outstanding charges in accordance with university standards;

- G. By disciplinary action against employees or students who fail to abide by these regulations;
- H. By such other methods as are commonly employed by city governments or state agencies in control of traffic regulation enforcement.

#### **4. Proof**

The issuance of a citation reflecting the existence of any parking or traffic control device, sign, short-term spaces, signal, or marking at any location on university property shall constitute prima facie evidence that the same was in existence and was official and installed under the authority of applicable law and these regulations. When any person is charged with having stopped, parked, and left standing a motor vehicle on the campus, in violation of any provision of these *Parking and Traffic Rules & Regulations*, proof that said vehicle was, at the date of the offense, bearing a valid university parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked, and left standing by the holder of the parking permit. If the vehicle does not bear a valid university parking permit, proof that the vehicle at the date of the offense alleged was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked, and left standing by the individual.

#### **5. Responsibility**

- A. The person to whom a university parking permit is issued is responsible for any citation issued with respect to a car displaying that permit or a vehicle registered through Campus Services by that person.
- B. If the vehicle does not display a valid university parking permit and is not registered through Campus Services to any university permit holder, then the person to whom the vehicle is registered through the Texas Department of Transportation at the time of issuance of the citation and that individual's university affiliate (UTSA employee, student, or permit holder within one year before or after the issuance of the citation) is responsible for the citation.

#### **6. Collection Methods**

The university may arrange for collection of debts due to the university pursuant to these regulations in the following manner:

- A. Permit payments may be deducted from employee payroll checks with the employee's permission. Deductions for all permit purchases will continue until the full price of the permit is paid or until the permit is returned. Employees are responsible for monitoring their paychecks to ensure that proper deductions are being made for their UTSA parking permit. Participants are also responsible for contacting Campus Services if, for any reason, they will not be receiving a paycheck during the pay period in which a deduction is scheduled. The employee is liable for all payments for their UTSA parking permit if for any reason a scheduled deduction is missed.

- B. A financial hold will be placed against students for past due debts.
- C. Use of a commercial collection agency or attorney to collect past due fees for permits or citations. Late fee will accrue.
- D. No parking permit will be issued to any individual whose vehicle is subject to immobilization under these regulations or otherwise in accordance with university standards.

## SECTION VI: ENFORCEMENT

### 1. Parking and Traffic Citations

- A. **Issuance:** Any person violating these regulations may receive a citation.
- B. **Campus Services Authority:** University Parking Assistants are authorized to write university parking citations.
- C. **UTSAPD Authority:** UTSAPD officers are authorized to issue university citations and court appearance citations for violation of these regulations. It is the general policy of the university to issue court appearance citations only for moving violations and for any violation when the individual's driving or parking privileges have been suspended, although UTSAPD may issue a court appearance for any appropriate violation.

### 2. Failure to Discharge Court Appearance Citations

Failure to discharge a court appearance citation may result in the issuance of an arrest warrant.

### 3. University Citations

University citations are issued for offenses listed in Section VII: Driving and Parking Offenses. Any person receiving a university citation must remit the amount of the charge or submit an appeal to Campus Services within 14 days after issuance of the citation. Any towing, booting, and/or storage fees for removal of an impounded or immobilized vehicle or bicycle must be paid regardless of whether an appeal has been submitted.

### 4. Appeals from University Citations

Any person issued a university citation may appeal the citation to the university's designated Appeals Officer by completing the appropriate Campus Services form and submitting it to Campus Services within fourteen (14) calendar days after the issuance of the citation. Payment of the citation at any time prior to submitting the first level appeal or issuance of the determination of the Appeals Officer will result in forfeiture of the responsible party's right to appeal. Boot Administrative citations and towing or storage fees are not eligible for appeal. The responsible party must file the appeal. Appeals submitted by UTSA departments on behalf of their guests or anyone using a departmental parking permit will not be accepted.

### 5. Initial Review of Appeal

When a citation is appealed the appeal is considered by the Appeals Officer within Campus Services. The appellant may request an in-person appearance by appointment only by submitting an appeal form. The Appeals Officer shall review all appeals within 15 working days of receipt of the appeal or in-person appearance. Appeal results may take longer during unusually busy periods, such as the start of the fall semester. Approval will be sought from the Office of the Vice President for Business Affairs if additional time is needed to review appeals.

## **6. Appeals Panel**

Any person aggrieved by the decision of the Appeals Officer may appeal the decision of the Appeals Officer. Any such appeal will be heard by the university's Parking Appeals Panel and will be "on the record." That is, the appellant will not have the opportunity to appear in person. An appeal of the Appeals Officer's decision must be submitted within 14 days after the date the Appeals Officer renders a decision and must be accompanied by payment of the fine. If payment is not included the appeal will not be reviewed. The amount of the citation will be refunded if the Panel finds in favor of the appellant. The Panel will make reasonable efforts to review the written appeal within 45 days after the appeal has been submitted. **The decision of the Appeals Panel is final.**

## **7. Failure to Pay Citation Charges**

Failure to pay or appeal the citation within 14 calendar days of citation issuance or decision of Appeals Officer will result in a \$10 late fee per citation. Unpaid citations can result in student financial holds preventing students from receiving grades, refunds, official transcripts, or graduating. Ten (10) or more violations within one academic year may result in suspension of driving and parking privileges on campus and/or disciplinary action.

## **8. Vehicle Immobilization or Impoundment**

Campus Services or UTSAPD may immobilize (boot) or impound (tow/relocate to a storage area) the vehicle of any person who accumulates four (4) or more unpaid parking or traffic citations and/or charges of \$200 or more, has any outstanding citation over one (1) calendar year past due, or who is in possession of a lost, altered, fraudulent, fictitious or stolen parking permit. All outstanding citations must be paid in full prior to the release of the vehicle. Vehicles may also be booted for other violations of these regulations or State law in the discretion of UTSAPD. The university is not responsible for any damage to the vehicle during booting, towing, relocation, or storage. After notice has been posted on the vehicle, vehicles booted for longer than 36 hours may be impounded (towed to a storage area), the owner and operator are severally responsible for any booting, towing, or storage fees.

## **9. Suspension of Privileges**

Driving and parking privileges may be suspended by Campus Services, UTSAPD or the Office of Student Conduct and Community Standards if the violator has displayed a lost, altered, fraudulent, fictitious or stolen parking permit or other flagrant violations of these regulations. The loss of the privilege of driving or parking a vehicle on campus shall commence immediately following notification of suspension. Such notification shall state the term of the suspension and consequences for violation of the stated terms. The violations of the suspension shall be reported to the Office of Student Conduct and Community Standards if the person is a student or to the appropriate dean, director, or administrative official for possible disciplinary action if the person is a faculty or staff member.

1. If a person whose privilege of driving or parking on campus has been suspended receives a university citation by reason of having a vehicle on campus during the period of their

suspension, the period of suspension may be extended and a referral to the appropriate university office may be made for further university disciplinary action.

2. Suspensions may be appealed to the Associate Vice President of Campus Services, or their designee, within fourteen (14) calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with Campus Services. During the appeals period the suspension remains in effect.
3. A person receiving notice that their privilege of driving or parking university property has been suspended shall return, without refund, the remnants of the permit issued (or the entire hanging permit) to Campus Services within fourteen (14) days after date of such notice.

## **10. Collections**

Any charge not paid when due may be forwarded to an outside collection agency or an attorney for collection. The offender will be responsible for paying all costs of collection, including any agency fees and/or reasonable attorney's fees, which will be added to the total amount due.

## **11. No Excuse**

The absence of sufficient parking spaces on the university campus is not justification for violation of these regulations. Failure to enforce any regulation shall not constitute a waiver of the university's authority to enforce these regulations. Other improperly parked vehicles do not constitute an excuse for improper parking.

Permit holders are responsible for all fees and fines issued to a vehicle displaying a parking permit issued to the permit holder or a vehicle registered to the permit holder or a member of the permit holder's family. Use of the parking permit evidences that the permit holder agrees to abide by these regulations.
