Dear Roadrunner Family,

The last few days have truly been unprecedented in college athletics and in our country and my heart goes out to our student-athletes, coaches, and staff.

As you are aware, in response to the coronavirus pandemic, the NCAA announced the cancellation of all winter and spring championships. Additionally, pending final approval by the Board, Conference USA will be suspending all athletic competitions and practices. In accordance with these decisions and in support of the health and safety of our student-athletes, coaches and staff, today UTSA Athletics will implement the following measures:

- All practices and athletically-related team activities have been suspended until further notice
- All on-and off-campus recruiting and recruiting-related travel have been suspended until further notice
- All on- and off-campus camps and clinics have been suspended until further notice

Later today more information regarding the sports medicine and strength and conditioning operations will be communicated with you.

Moving forward, we will continue to take guidance from campus, the conference and the NCAA, as well as from all health experts and officials, and any future changes to the above measures will be made in conjunction with those partners.

More information on the novel coronavirus and preventative measures can be found at <https://www.utsa.edu/coronavirus/>.

Sincerely,

Lisa Campos, Ed.D.
Vice President for Intercollegiate Athletics
