From the Manager Self Service or Employee Self Service, click on the HRMS Approvals Tile. The tile displays the number of transactions that require approval action in the lower right corner of the tile.
Step 2

The Pending Approvals page opens with a list of items that have been routed for approval.

The default pulls up All items by Type—the manager may click on the item from this view to drill down to the action to approve.

To view only Absence Requests that need approval, click Absence Request in the collection menu on the left side of the page. The Absence Request view displays employees alphabetically by date.

There may be multiple lines for the same employee if the employee has submitted multiple absence requests or the manager has not approved previous requests.

The Absence Request approval page opens for the employee for the selected date. Review the date and duration of the request.

The employee’s balance for that leave type is displayed with a disclaimer. Any comments the employee provided display under Requester Comments.
