The UTSA Carlos Alvarez College of Business is one of the 40 largest business schools in the nation and transforms business students into business professionals by providing them with skills that can be immediately implemented in the workplace. Nationally ranked and recognized, the college offers a comprehensive curriculum for more than 6,600 undergraduate and almost 1,200 graduate students, and excels at focusing on applied programs in many areas including cyber security, data analytics, accounting, and finance. To ensure that we are meeting the demands of an ever-growing student population, the college is committed to hiring and retaining diverse and talented faculty who are experts in their fields. Creating more endowed chairs, professorships, and faculty fellowships will allow the college to recruit high-quality scholars and expand major research efforts to provide invaluable educational opportunities in the classroom while also addressing the pressing societal issues of our city, state, and nation.
The University of Texas at San Antonio has launched a comprehensive campaign to support UTSA's 10-Year Strategic Vision introduced by President Taylor Eighmy in 2017. Be Bold: A Campaign for Our Future, which also extends 10 years and has a working goal of $500 million, is focused on providing the infrastructure and resources needed to become a model for student success and research discovery.

There are several philanthropic opportunities within the Carlos Alvarez College of Business. Endowed Academic Positions help foster excellence in research and support efforts to recruit and retain highly qualified educators, researchers, and administrators. Our endowment levels include:

Gifts made through certain assets also have many benefits and include stock, IRAs, donor advised funds, real estate, life insurance, intellectual property, collectibles, matching gifts, in-kind gifts, estate gifts, and more.

Naming Opportunities
The University of Texas at San Antonio also welcomes the opportunity to discuss a naming opportunity that can provide support beyond bricks and mortar. Supporting a naming opportunity can allow for major academic and programmatic transformations that will elevate UTSA to greater levels of excellence and increase its competitiveness on a global scale.
