- III. Overview of Committee structure and purpose

The charge of this committee is to review the Parking and Traffic Regulations for the University of Texas at San Antonio, UTSA Downtown, and the Institute of Texan Cultures. A major responsibility of this committee is to develop recommendations for revisions in the parking regulation as are necessary to ensure an efficient and safe parking and traffic system. Considerations may include permit and enforcement fees, parking zones, bicycles and motorcycle traffic, and pedestrian paths. A separate committee, the Parking Appeals Panel meets monthly, or more often as needed, to hear appeals for parking and traffic violations. The Committee shall also meet prior to early registration and regular registration for each semester. The Committee will be appointed by the President or Provost and be responsible to the Vice President for Business Affairs with recommendations from the Committee on Committees.
