- HTH 2413 or UCS 2033
- MDS 4983
- IS 1413 or 2053; CS 1063 or 1083 or 1173; DS 4003 or 4113 (*choose one*). IS 1413 recommended
- COM 1043 or 1053 or 2113 or 2343 or 2733; or ENG 2413 (*choose one*)

^a These courses are required in addition to the nursing prerequisite coursework.

Students who opt in to the MDST-BSN pathway must complete all nursing prerequisites and MDST courses at the UT San Antonio Main Campus. Any credit already earned through AP or dual credit coursework prior to enrollment at UT San Antonio is permitted.

MDST-BSN Eligibility Must have by time of application

- Min. 3.5 Pre-Requisite GPA
- Earn a minimum score of 84 on TEAS
- All **bolded** Math/Science courses completed prior to application
- By time of application, have completed 51 of 60 pre-requisite hours (this includes the math & science hours).
- **no more than 9 hours from non-math/science pre-requisites may be in-progress or planned at time of application.**

Application Deadlines *Fall entry: Feb 1*
 Spring entry: Aug 1

NOTE: The courses on this handout align specifically to UT San Antonio School of Nursing BSN program, however students are encouraged to consider applying to multiple nursing school programs.

If you plan to apply to other BSN programs please know that some pre-requisites courses and application requirements referred to on this handout may change as each school determines their own pre-requisite courses and application requirements (including minimum GPA's; Entrance Exam required, etc.)

The MDST-BSN pathway allows students to earn a second bachelor's degree after the completion of their BSN at UT San Antonio School of Nursing. Students who have completed the optional 12 hours of MDST courses at UT San Antonio main campus before starting nursing school and meet the MDST-BSN eligibility requirements, will earn a B.S. in Multidisciplinary Studies once the School of Nursing transcript confirms that the BSN degree has been awarded.

^① *courses indicated will count toward the minimum 3.0 UTHSA BSN pre-requisite GPA required to apply to the traditional track BSN program.*
