Race/Ethnicity Reporting Changes

As of Summer 2010 a new Race/Ethnicity reporting schema has been adopted based on Federal requirements. Students now have the choice to identify multiple races on the forms collected by the University of Texas at San Antonio. This information is stored as the student has selected, however for reporting purposes a single category has been used. If a student was an International student they would be assigned the International category. If a student is Hispanic, regardless of race indicated, they were assigned to the Hispanic category. Students who chose multiple races were assigned to the Two or more races category. Finally students who chose only one race were assigned to the race category they had chosen. If a student was not International, not Hispanic and did not chose any Race category they were assigned to the Unknown category. In addition to this update the former Asian/Pacific Islander category has now been separated into two categories, one is Asian and the other is Native Hawaiian or Pacific Islander.

Fall 2012

New Student Applications

The Applied, Accepted, and Enrolled information comes from the Coordinating Board Admissions file (CBM00B), this file contains only the Summer and Fall applications for each year. Only students who have never applied at the level are included in this information. Enrollment is based on the semester the student applied for. Note that although many new students enter UTSA each year only students who are first time students seeking a degree at UTSA are included in the Cohort for graduation and retention information. For more information on this topic please contact the Office of Institutional Research at (210) 458-4706.

Race/Ethnicity Reporting Changes

As of Summer 2010 a new Race/Ethnicity reporting schema has been adopted based on Federal requirements. Students now have the choice to identify multiple races on the forms collected by the University of Texas at San Antonio. This information is stored as the student has selected, however for reporting purposes a single category has been used. If a student was an International student they would be assigned the International category. If a student is Hispanic, regardless of race indicated, they were assigned to the Hispanic category. Students who chose multiple races were assigned to the Two or more races category. Finally students who chose only one race were assigned to the race category they had chosen. If a student was not International, not Hispanic and did not chose any Race category they were assigned to the Unknown category. In addition to this update the former Asian/Pacific Islander category has now been separated into two categories, one is Asian and the other is Native Hawaiian or Pacific Islander.

Race/Ethnicity Reporting Changes

As of Summer 2010 a new Race/Ethnicity reporting schema has been adopted based on Federal requirements. Students now have the choice to identify multiple races on the forms collected by the University of Texas at San Antonio. This information is stored as the student has selected, however for reporting purposes a single category has been used. If a student was an International student they would be assigned the International category. If a student is Hispanic, regardless of race indicated, they were assigned to the Hispanic category. Students who chose multiple races were assigned to the Two or more races category. Finally students who chose only one race were assigned to the race category they had chosen. If a student was not International, not Hispanic and did not chose any Race category they were assigned to the Unknown category. In addition to this update the former Asian/Pacific Islander category has now been separated into two categories, one is Asian and the other is Native Hawaiian or Pacific Islander.
