About The University of Texas System

For more than 130 years, The University of Texas System has been committed to improving the lives of Texans and people all over the world through education, research, and health care.

The University of Texas System is one of the nation's largest systems of higher education, with 14 institutions that educate nearly 240,000 students. Each year, UT institutions award more than one-third of all undergraduate degrees in Texas and more than half of all health professional degrees. With about 21,000 faculty – including Nobel laureates – and more than 85,000 health care professionals, researchers, and support staff, the UT System is one of the largest employers in the state.

Life-changing research and invention of new technologies at UT institutions place the UT System among the top 10 “World's Most Innovative Universities,” according to Reuters. The UT System ranks fifth in the nation in patent applications, and because of the high-caliber of scientific research conducted at UT institutions, the UT System ranks No. 1 in Texas and No. 2 in the nation in federal research expenditures.

Additionally, the UT System is home to three of the nation's National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern, and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research. And the UT System is the only System in the country to have four Clinical and Translational Science Awards (CTSA) from the National Institutes of Health.

Transformational initiatives implemented over the past several years have cemented UT System as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The University of Texas Rio Grande Valley in 2015. UT System was the only system of higher education in the nation that established not one, but two new medical schools in 2016 at UT Austin and UT Rio Grande Valley.

University of Texas institutions are setting the standard for excellence in higher education and will continue to do so thanks to our generous donors and the leadership of the Chancellor, Board of Regents, and UT presidents.

Courses Taught at UTSA

The courses taught information comes from the Coordinating Board Course Report (CBM004) which is certified by the state. The Course level comes from the Course Inventory. For each section the number of courses offered, the number of students enrolled, and the number of semester credit hours generated are included. The section on college comes from the subject of the course based on the course inventory.

The data in the Fact Book are based on reports certified by the Texas Higher Education Coordinating Board. This information includes students enrolled in self-supporting degree programs. For more information about self-supporting degree programs please contact the Office of Institutional Research at (210) 458-4706.

First Time Undergraduate Student Applications

The Applied, Accepted, and Enrolled information comes from the Coordinating Board Admissions file (CBM00B), this file contains only the Summer and Fall applications for each year. Only students who have never applied at the level are included in this report. Enrollment is based on the fall semester, in prior years it had been based on the student applied for. Note that although many new students enter UTSA each year only students who are first time students seeking a degree at UTSA are included in the Cohort for graduation and retention information. For more information on this topic please contact the Office of Institutional Research at (210) 458-4706.

Transfer Undergraduate Student Applications

The Applied, Accepted, and Enrolled information comes from the Coordinating Board Admissions file (CBM00B), this file contains only the Summer and Fall applications for each year. Only students who have never applied at the level are included in this report. Enrollment is based on the fall semester, in prior years it had been based on the student applied for. Note that although many new students enter UTSA each year only students who are first time students seeking a degree at UTSA are included in the Cohort for graduation and retention information. For more information on this topic please contact the Office of Institutional Research at (210) 458-4706.

Race/Ethnicity Reporting Changes

As of Summer 2010 a new Race/Ethnicity reporting schema has been adopted based on Federal requirements. Faculty now have the choice to identify multiple races on the forms collected by the University of Texas at San Antonio. This information is stored as the faculty member has selected, however for reporting purposes a single category has been used. If a faculty member was an International faculty member they would be assigned the International category. If a faculty member is Hispanic, regardless of race indicated, they were assigned to the Hispanic category. Faculty members who chose multiple races were assigned to the Two or more races category. Finally faculty members who chose only one race were assigned to the race category they had chosen. If a faculty member was not International, not Hispanic and did not chose any Race category they were assigned to the Unknown category. In addition to this update the former Asian/Pacific Islander category has now been separated into two categories, one is Asian and the other is Native Hawaiian or Pacific Islander.

New Category
