THE NBA WORKPLACE: THE DREAMS, POSSIBILITIES AND THE WORKPLACE BEYOND THE BASKETBALL COURT

Off-site Visit

Date: Friday, April 13th, 2018
Location: Madison Square Garden
Why does Madison Square Garden have a friend at Chase Manhattan?

Exciting new Madison Square Garden Center is more than hot dogs and mustard, more than hockey games and dog shows. It's stone and steel worked with imagination, vision and courage. It was built by people for people.

An achievement like the Garden took money—a great deal. Much of it came from The Chase Manhattan Bank. We're proud to see our faith in the Garden as a solid business venture justified. A happy success for the people who use it and the men who built it.
