

Server Virtualization Service Details

Services:

- OIT will host your virtual server on a highly available cluster of hardware that OIT maintains.
- OIT will periodically implement security patches.
- The hardware and all Operating System licenses are maintained by OIT.
- All virtual servers are backed up with a 2-week retention period.
- If you need Admin Rights to your servers, you accept all risk associated with the maintenance of this server. (Admin Rights Request Form)

Prices:

- All servers are paid for annually at the beginning of each fiscal year.
- Prices are subject to change based on the amount of resources the server is consuming. This is the "true up" period.
- Prices are valid for 1 year and cannot be reduced during the year.

How to Purchase

Please log into the OITConnect portal to complete a request form. Once the form is sent, a technician will contact you with payment details.
