Data Science Institute (proposed)
Columbia University

An architectural rendering of a modern, multi-story building with a glass facade, illuminated from within, set against a twilight sky. The building features a complex, multi-tiered structure with numerous windows and balconies. The interior lights are warm and yellow, contrasting with the cool blue of the evening sky. The building is surrounded by greenery and a paved walkway. In the foreground, there are trees and a small plaza area. The overall scene is a digital visualization of a proposed architectural design.
