

Spring 2021 – Archive

Confirmed Cases Reported to UTSA

The health and safety of our Roadrunners is paramount. UTSA is closely monitoring active cases on campus to determine the impact on our campus community and to minimize the spread of COVID-19 as much as possible.

In an effort to keep the Roadrunner community informed about the presence of COVID-19 positive cases **on campus**, UTSA will provide regular updates regarding the number of positive cases with direct campus impact and the number of students quarantined in student housing.

Positive Cases with Direct Campus Impact

Numbers include positive cases since the start of the spring 2021 semester

Summary	Cumulative - Spring Semester			Last 7 days		
	Total Tests	Total Positive	Total Positivity Rate	Tests	Positive	Positivity Rate
Students	6555	94	1.43%	180	6	3.33%
Faculty	19	1	5.26%	0	0	0.00%
Staff	1697	11	0.65%	20	0	0.00%
Total	8271	106	1.28%	200	6	3.00%

Athletic Cohort Only	Total Tests	Total Positive	Total Positivity Rate	Total Tests	Total Positive	Positivity Rate
Student Athletes	5065	30	0.59%	151	6	3.97%
Student Employees/Interns	338	7	2.07%	6	0	0.00%
Staff	1390	1	0.07%	11	0	0.00%
Total	6793	38	0.56%	168	6	3.57%

Proactive Testing Only	Total Tests	Total Positive	Total Positivity Rate	Total Tests	Total Positive	Total Positivity Rate

Isolation and Quarantine

Students in UTSA Owned Student Housing		
Total isolation and quarantine capacity	300	
	Chaparral	Laurel
Students currently in isolation	0	1
Students currently in quarantine	0	2

"Weekly Change" Legend

- Equal to or greater than 2% increase
- More than 0 but less than 2% increase
- No change or decrease

Last updated: May 14, 2021

Tables show cumulative data since January 16, 2021. Data is updated by 4:00 p.m. Monday through Friday and reflects information as of the day before.

[Fall semester confirmed cases archive](#)

Definitions:

- **Athletic Cohort:** Students and staff tested on a regular basis as part of NCAA guidelines and internal protocols.
- **Direct Campus Impact:** Individuals who have received a positive COVID-19 test and: (a) live in Laurel or Chaparral Village, (b) are part of the Athletic cohort, (c) whose work or study modality is "on-campus," or (d) have been on campus and had a close contact* with a student, staff, or faculty member.
- **Faculty/Staff:** Individuals employed by the university. Data for students employed in some capacity by UTSA is reflected in the student sections of this dashboard.
- **Isolation:** UTSA Housing residents who test positive for COVID-19 must isolate from roommates for 10 days.
- **Positive:** Individuals who received a positive COVID-19 test result.
- **Positivity Rate:** The number of positive tests divided by the total number of tests (positive and negative).
- **Proactive Testing:** Students who participate in the voluntary [proactive testing program](#).
- **Quarantine:** UTSA Housing residents who are exposed to a COVID-19 positive person and have not tested positive for COVID-19, must quarantine for 14 days.
- **Symptomatic Testing:** Individuals who are tested because they experience COVID-19 symptoms or because they were exposed to an individual who tested positive for COVID-19.
- **Students:** Students enrolled for the current semester.

*Close contact is defined by the CDC as someone who was within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period starting from 2 days before illness onset (or, for asymptomatic patients, 2 days prior to test specimen collection) until the time the patient is isolated.

See [UTSA Housing and Residence Life's protocols](#) for isolation and quarantine guidelines and procedures.

Individuals who have been in close contact with a positive case on campus will be contacted by a university representative for [contact tracing](#). The COVID-19 positivity rate for the City of San Antonio is updated daily on the [San Antonio Metro Health website](#). UTSA is committed to protecting the personal health information of our community. All information shared adheres to privacy standards. Data for this website is compiled from Student Health Services, Occupational Health, Athletics, Housing and Residence Life and from [self-reporting](#). Positive case data is also shared with the San Antonio Metropolitan Health Department. Since some of the information is [self-reported](#), confirmation of the results of each test cannot be definitively verified.
