What is Staff Council?
Staff Council is an advisory body through which eligible staff members may convey information and make recommendations to the President regarding interests, suggestions, and concerns. Staff Council serves as the voice of the UTSA staff.

Did you know that Staff Council is 10 years old? Created in 2000, Staff Council is charged by the President and by the Board of Regents of the University of Texas System with the goal of continually improving university operations and the well being of UTSA’s staff.

Every staff area of UTSA has a representative on Staff Council. Members are nominated and elected by their fellow employees to serve two year terms. The members of Staff Council then serve on internal committees which strive to provide service, support, and a voice for you, the UTSA staff member. Let’s make this a great year together!
