

College of Sciences Distinction in Research
Program Progress Tracking Form

This form may be used by the student and instructor to track progress made in completing program requirements

This program provides students an opportunity to earn the *College of Sciences Distinction in Research* notation on their graduating transcript after completing advanced study under close faculty supervision. A successful approval is based on the student's academic performance, and ultimately, upon the recommendation of faculty members, the Department Chair, and the Associate Dean for Undergraduate Studies.

To be eligible, you must:

- Have and maintain Cumulative and Major GPA's of 3.0 or greater.
- Enroll in the appropriate 4993: Honors Research courses in or near your last year of coursework.
- The courses' Instructor of Record, a Departmental Faculty Member of your choosing, and Department Chair must approve the research thesis written in the process of completing the Honors Research courses.
