

**Jane & Roland Blumberg Professorship in Biology**

Bernard Arulanandam, Professor of Biology

**Research interest:** Infectious Disease and Vaccine Development

**Roland K. and Jane W. Blumberg Professorship in Biosciences**

Edwin Barea-Rodriguez, Professor of Biology

**Research interest:** Neurobiology of Aging

**Roland K. and Jane W. Blumberg Professorship in Biosciences**

Aaron Cassill, Professor of Biology

**Research interest:** Cell Signaling

**Lutcher Brown Distinguished Chair (in Biochemistry)**

Aimin Liu, Professor of Chemistry

**Research interest:** Biochemistry

**Lutcher Brown Distinguished Chair (in Bioinorganic Chemistry)**

Donald Kurtz, Professor of Chemistry

**Research interest:** Bioinorganic Chemistry

**Lutcher Brown Distinguished Chair**

Ravi Sandhu, Professor of Computer Science

**Research interest:** Cybersecurity

**Lutcher Brown Distinguished Chair**

Miguel José Yacaman, Professor of Physics

**Research interest:** Nanotechnology

**Cloud Technology Professorship**

Mikhail Gubanov, Assistant Professor of Computer Science

**Research interest:** Cloud Computing

**John H. Doran, M.D., F.A.C.P., Distinguished Professorship in Peripheral Neuropathy**

Hyoung-gon Lee, Associate Professor of Biology

**Research interest:** Neurodegeneration

**Rita and John Feik Distinguished University Chair in Medicinal Chemistry**

Michael Doyle, Professor of Chemistry

**Research interest:** Medicinal Chemistry

**The Ewing Halsell Distinguished Chair in Biology**

Charles Wilson, Professor of Biology

**Research interest:** Neurobiology of Learning and Memory

**Dr. Weldon W. Hammond, Jr. Distinguished Professorship in Hydrogeology**

Saugata Datta, Professor of Geology

**Research interest:** Hydrogeology

**Jesse H. and Mary Gibbs Jones Chair in Biotechnology**

Thomas Forsthuber, Professor of Biology

**Research interest:** Immunology

**Kleberg Distinguished University Chair in Cellular & Molecular Biology**

John McCarrey, Professor of Biology

**Research interest:** Stem Cells and Regenerative Medicine

**Robert J. Kleberg Jr. and Helen C. Kleberg College of Sciences Professorship**

Karl Klose, Professor of Biology

**Research interest:** Bacterial Pathogenesis

**Microsoft President's Professorship**

Banglin Chen, Professor of Chemistry

**Research interest:** Inorganic Chemistry

**Microsoft President's Professorship**

Floyd Wormley, Jr., Professor of Biology

**Research interest:** Host-Fungal Interactions and Vaccine Development

**Dan Parman Distinguished Chair in Applied Mathematics**

Changfeng Gui, Professor of Mathematics

**Research interest:** Applied Mathematics

**Semmes Foundation Chair in Cell Biology**

Jenny Hsieh, Professor of Biology

**Research interest:** Stem Cells and Regenerative Medicine; Epilepsy

**Semmes Foundation Distinguished University Chair in Neurobiology**

George Perry, Professor of Biology

**Research interest:** Alzheimer Disease

**Amy Shelton and V. H. McNutt Distinguished Professorship in Geology**

Yongli Gao, Associate Professor of Geology

**Research interest:** Karst Hydrogeology

**Margaret Batts Tobin Distinguished Chair in Biotechnology**

Jose Lopez-Ribot, Professor of Biology

**Research interest:** Fungal Infection and Vaccine Development

**The Vaughan Family Professorship in Physics & Astronomy**

Eric Schlegel, Professor of Physics

**Research interest:** Astrophysics and Cosmology

**Max and Minnie Tomerlin Voelcker Distinguished Professorship in Chemistry**

Doug Frantz, Professor of Chemistry

**Research interest:** Organic and Medicinal Chemistry

**Robert A. Welch Distinguished University Chair in Chemistry**

Kirk Schanze, Professor of Chemistry

**Research interest:** Interaction of Light with Small Molecules, Polymers, and Materials

---

**Robert A. Welch Distinguished University Chair in Chemistry**

Endowed Faculty Positions
