Weighted Student Credit Hour Optimization Committee
Subcommittee Recommendations
November 2017

Online Courses and Summer Enrollment Priorities

- Convert high enrollment/waitlist courses to online format;
- Increase program offerings for non-degree students;
- Offer 100% online Option 1 programs (i.e., BBA in Cybersecurity); and,
- Build college and business partnerships.

Course Optimization Priorities

- Conduct undergraduate and graduate course audit process (CIP codes);
- Develop new course scheduler (Civitas);
- Set targets for colleges in high WSCH areas; and,
- Determine target area for competency-based credit.

Transfer Students

- Finalize MOU with Alamo Colleges;
- Review current articulation agreements; and,
- Work with Strategic Enrollment task force to develop plan for upper division transfer students.

Graduate Education

- Reestablish connection with Fort Sam Houston to recruit students;
- Increase corporate sponsorships and develop programs that fit their needs; and
- Create a brand/message that builds upon UTSA's reputation beyond San Antonio in order to have a global presence.
