

UTSA The University of Texas at San Antonio College for Health, Community and Policy

UTSA's largest college

ABOUT US

The College for Health, Community and Policy aims to improve the wellbeing of the world around us and to develop recommendations for complex social problems. We will accomplish this mission through exceptional education, creation and dissemination of knowledge, and partnership with diverse communities and institutions, from local to global.

PROGRAMS OF STUDY

HCAP is comprised of Criminology & Criminal Justice, Demography, Kinesiology, Nutrition & Dietetics, Psychology, Public Administration and Policy, Public Health, Social Work, and Sociology. We offer Bachelor's, Master's and Doctoral degrees.

RESEARCH

HCAP pursues high-quality, scientific research. Our research centers include the Policy Studies Center, Institute for Demographic and Socioeconomic Development, Institute for Health Disparities Research, and Center for Community Based and Applied Health Research.

CAREER GROWTH

According to the 2020 SA Jobs Report, healthcare jobs are hiring an average of 4,514 individuals per month in the San Antonio area. Federal agencies are also awarding a greater percentage of funding to larger transdisciplinary teams studying complex problems on the local, national, and global levels.

HCAP students turn their passions into social impact. Many of our students are high achievers from diverse backgrounds, who are the first within their families to attend college. The college recognizes that diversity brings knowledge to the table, helping to shape our world for the better from a global perspective.
