

# UTSA Student Success

## First-Gen STEM Scholars Program – List of eligible majors

Actuarial Science  
Anthropology  
Architecture  
Biochemistry  
Biology  
Biology – Cell and Molecular  
Biology – Integrative Biology  
Biology - Neurobiology  
Biomedical Engineering  
Business Analytics  
Chemical Engineering  
Chemistry  
Civil Engineering  
Computer Engineering  
Computer Science  
Computer Science – Cloud and Systems  
Computer Science – Data Science  
Computer Science – Computer and Information Security  
Computer Science – Software Engineering  
Construction Sciences and Management  
Cyber Security  
Economics  
Electrical Engineering  
Environmental Science  
Environmental Studies  
General Mathematics Studies  
Geography and Environmental Sustainability  
Geography and Environmental Sustainability – Social Studies Teaching Track  
Geology  
Global Affairs  
Health  
Information Systems  
Interior Design  
Management Science  
Mathematics  
Mathematics of Data and Computing  
Mathematics – General Math Studies  
Mechanical Engineering  
Mexican American Studies  
Mexican American Studies – Anthropology  
Mexican American Studies – History  
Mexican American Studies – Political Science  
Mexican American Studies – Spanish  
Microbiology and Immunology  
Multidisciplinary Studies – Neuroscience  
Multidisciplinary Studies – Cyber Intelligence  
Multidisciplinary Studies – Data Science  
Multidisciplinary Studies – Artificial Intelligence  
Multidisciplinary Studies – Geoinformatics  
Nutrition and Dietetics  
Physics  
Political Science  
Political Science – Social Studies Teaching Track  
Politics and Law  
Pre-Biology  
Psychology  
Public Administration  
Public Administration and Policy  
Public Health  
Sociology  
Statistics  
Statistics and Data Science  
Women’s Studies
