

AirRowdy_Guest Connection Instructions for Android Devices

1. Open Settings, tap on Network & Internet, or “Connections,” then select “Wi-Fi.”
2. From the list of available networks, tap on “AirRowdy_Guest”
3. Select “AirRowdy_Guest” from the list of available networks.
4. Connect, no password is required. Your device will attempt to connect and then redirect you to a login page in your browser.
5. On the login page, accept the terms of use. Once accepted, you should be connected to the internet.

If the login page doesn't appear automatically, open a browser to trigger it.

If you need to connect to the UTHSCSA network,
please proceed with connecting to our VPN
(GlobalProtect).
